

AT-A-GLANCE

2020 Subaru Crosstrek® Hybrid

- Based on the second-generation Crosstrek compact SUV, the Crosstrek Hybrid introduces Subaru's new plug-in hybrid powertrain (PHEV), uniquely combined with the brand's renowned Symmetrical All-Wheel Drive
- The Hybrid is the high-end model in the Crosstrek series, combining all the equipment of the Crosstrek Limited with exclusive Hybrid features and trim

New for 2020

- New LED headlight design addition features a silver trim ring on the projector beams.
- Redesigned rear lights
- Rear Seat Reminder is designed to help prevent child and/or pet entrapment by alerting the driver to check the rear seat before exiting the vehicle.
- Rear console dual USB charge ports
- The automatic power door lock / unlock system automatically locks all the doors, rear gate and fuel door to help improve vehicle security. The system operates and locks the doors when the shift lever is moved from Park to Drive position and vehicle's speed exceeds 13 mph.
- New collision detection power door unlock function (all models) automatically unlocks all the doors and rear gate if the vehicle is subjected to a strong collision.
- Lineartronic CVT features B-range shift mode which uses engine braking for regenerating energy
- 8.8 kWh, 25.0 Ah lithium-ion hybrid battery
- On-board charger: approx. 5-hour battery charge time with 120V source, approx. 2-hour charge time with 240V
- Symmetrical All-Wheel Drive designed for PHEV: Active AWD with electronic coupling-controlled variable transfer clutch
- Electronically controlled power-assisted dual diagonal brake system optimizes braking force between the hybrid regenerative braking control and the mechanical brakes
- Standard Subaru EyeSight® Driver Assist Technology
- Exclusive new exterior color: Lagoon Blue Pearl
- STARLINK Connected Services, including 10-year free subscription to Safety Plus & Security Plus package
- Exclusive features for SUBARU STARLINK Connected Services include Remote Climate Control and Remote Battery Charging Timer. Climate control can now be set without starting engine, so vehicle can warm up or cool down even when garaged. Also, the Remote Battery Charging Timer allows user to schedule charging during off-peak times. Both are exclusive to Hybrid.
- Standard High Beam Assist and Reverse Automatic Braking
