

## **At-A-Glance**

### **2012 Subaru Tribeca™**

- Subaru's largest crossover SUV features three-row seating and 256-hp six-cylinder Boxer engine and premium interior.
- Equipped as standard with Variable Torque Distribution (VTD) version of Subaru Symmetrical All-Wheel Drive with Vehicle Dynamics Control (VDC).

#### **New for 2012**

- Redesigned head restraints.
- Additional month of XM® Select Satellite Radio service for factory-equipped models.

#### **Key Facts**

- 7-passenger model.
- Premium, Limited and Touring trim lines, with navigation, moonroof and rear seat entertainment option packages for the upper two grades (moonroof standard on Touring).
- Heated seats standard for all models.
- Standard rear cabin AC unit with headliner-mounted vent outlets in second and third seat rows.
- Bluetooth® hands-free phone module standard for Limited and Touring trims.
- Rear vision camera available, featuring 3.5-in. display in auto-dimming rear-view mirror – it is included with the optional moonroof package on the Limited and as standard on the Touring.
- 256-hp 3.6-liter 6-cylinder Boxer engine uses regular-grade fuel. Dual Active Valve Control System (Dual AVCS) -- variable valve timing for intake and exhaust camshafts.
- Variable Torque Distribution (VTD) version of Subaru Symmetrical All-Wheel Drive combined with Vehicle Dynamics Control (VDC) stability system and 4-wheel traction control system (TCS). VTD normally sends more power to the rear wheels (45:55) to enhance handling agility. In response to

driving and road conditions, VDC regulates power distribution through the center differential via the electronically managed continuously variable hydraulic transfer clutch. Traction control is a second line of defense against wheelslip (after All-Wheel Drive).

- Highest crash test ratings from NHTSA and IIHS, plus "Top Safety Pick" from IIHS. Proven safety with Ring Shaped Frame Reinforcement body structure, standard VDC stability control, ABS, Brake Assist, dual-stage deployment front air bags, front seat side-impact air bags and curtain side air bags with rollover sensor.
- Generous 8.4 inches of ground clearance and high seating point desired in an SUV, with the comfortable step-in height of a sport wagon.
- Twin cockpit interior design, with flowing, sculptured dash and center console, large, clear electroluminescent gauge displays, and standard 7-inch vehicle information display screen (also used by available navigation system).
- Second row seats feature 40/20/40 folding and reclining rear seat backrest and 60/40 split seat cushion with 7.8-in. travel range; second-row tip-slide feature on right and left sides; third-row seats fold flat in 50/50 split for flexible cargo space usage.
- Available rear-seat DVD entertainment system (Limited and Touring) features 9-inch diagonal wide-screen LCD, and remote inputs for games or a video camera. Includes wireless headphones (2) and remote control.

#### **Basic Specifications**

Body	7-passenger crossover SUV
Wheelbase	108.2 in.
Length	191.5 in.
Base weight	4,173 lbs.
Engine	DOHC H6, 3.6-liter
Horsepower	256@6,000 rpm
Torque	247 lb.-ft.@4,400 rpm
