

Progression Data

The Sullivan University College of Pharmacy and Health Sciences (SU COPHS) PharmD program closely monitors on-time graduation rates, and these data are available below. In addition to on-time graduation rates, entering class size, academic dismissals, withdrawals, and all causes attrition rates are monitored in accordance with ACPE Policy & Procedures.

Admitted Year (Number of students admitted)	Graduation Year	Overall Graduation	On-Time Graduation	Delayed Graduation	Dismissal	Withdrawal	Attrition
2021 (38)	2024	35 (92.1%)	32 (84.2%)	3 (7.9%)	2 (5.3%)	1 (2.6%)	6 (15.8%)
2022 (31)	2025	28 (90.3%)	26 (83.9%)	2 (6.5%)	2 (6.5%)	1 (3.2%)	5 (16.1%)
2023 (46)	2026	41 (89.1%)	33 (71.7%)	8 (17.4%)	5 (10.9%)	0 (0%)	13 (28.3%)
2024 (45)	2027	36 (80.0%)	33 (73.3%)	3 (6.7%)	6 (13.3%)	3 (6.7%)	12 (26.7%)
2025 (41)	2028	40 (97.6%)	32 (78.0%)	8 (19.5%)	0 (0%)	1 (2.4%)	9 (22.0%)

*Shaded data is based on cohorts of students still active in the program.

**Overall graduation=number of students who graduated in admitted cohort (on-time + delayed); On-time graduation=number of students who finished in 3 years; Delayed graduation=number of students who finished >3 years; attrition=(delayed graduation + dismissal + withdrawal)

***Data current as of April 2026

NAPLEX and MPJE First Time Pass Rates

The North American Pharmacist Licensure Examination (NAPLEX) and Multistate Pharmacy Jurisprudence Examination (MPJE) is offered by the National Association of Boards of Pharmacy (NABP) and required for all graduates of an accredited college or school of pharmacy to pass prior to state licensure. ACPE monitors each college or schools' performance on the NAPLEX as per the ACPE Policy & Procedures. SU COPHS's NAPLEX pass rates are summarized in the table below. Comparisons with other colleges/schools of pharmacy can be done at the [NABP website](#).

Graduating Class Year (Number of Graduates)	SU COPHS NAPLEX First Time Pass Rate (Number of students reported)	National NAPLEX First Time Pass Rate	SU COPHS MPJE First Time Pass Rate (Number of students reported)	National MPJE First Time Pass Rate
2023 (38)	68.4% (38)	75.5%	78.1% (32)	71.5%
2024 (41)	56.1% (41)	74.3%	81.8% (33)	74.8%
2025 (29)	84.6% (26)	85.7%	83.3% (18)	73.6%

**Data based on NABP website results (2023-2025) as of January 22, 2026

Additional Data

Student learning is assessed formatively throughout the PharmD curriculum on course examinations and objective structured clinical examinations (OSCE) exams. Students also take the Pre-APPE Readiness Assessment (PARA) and a capstone OSCE to determine readiness for advanced practice pharmacy experiences. Average scores on the PARA and OSCE exams show students' achievement of knowledge and skills during the program.

PARA (Pre-APPE Readiness Assessment)

Graduating Class	National Average	Class Average	Range
Class 2025	66.16%	66.37%	46.38% - 84.75%
Class 2026	68.02%	75.18%	51.2% - 88.91%

OSCE (Objective Structured Clinical Examination)

Graduating Class	Number of Stations	Skills	Communication	Collect	Assess	Plan	Implement	Monitor/Evaluate	Return to Pharmacist*
2024 (N=39)	8	82%	94%	72%	91%	87%	83%	81%	6.9
2025 (N=30)	8	81%	96%	88%	92%	86%	83%	84%	7.2
2026 (N=34)	8	87%	94%	56%	94%	90%	83%	94%	6.8

*Scored based on final P2 capstone (0=no return and 1=return for each encounter)

Percent of Student Entering Residencies/Fellowships or Graduating With Second Degree

Graduating Class Year	Residencies/Fellowships	Second Degree (Masters)	Total # Individuals
2023 (N=39)	2 (5.13%)	3 (7.7%)	5 (12.8%)
2024 (N=41)	8 (19.5%)	5 (12.2%)	12 (29.3%)
2025 (N=28)	9 (32.1%)	2 (7.1%)	10 (35.7%)
