

Campus Hazing Transparency Report

Sullivan University

In compliance with the federal Stop Campus Hazing Act, Sullivan University publishes this Campus Hazing Transparency Report summarizing findings of responsibility against recognized student organizations for violations of the University's hazing policy.

Current Reporting Period: July 1, 2025 – July 1, 2026

Findings:

There have been **no findings** of hazing violations involving recognized student organizations during this period (or since the University began documenting hazing violations under the Act).

Previous Periods:

[If this is the first report, you can simply state "No prior findings have been recorded." Future updates will list any findings chronologically.]

Hazing Policy

Sullivan University strictly prohibits hazing. The full policy, including the definition of hazing, reporting procedures, investigation process, and sanctions, is available in the current Annual Security Report and [link to student handbook or full policy page if separate].

How to Report Hazing

Report suspected hazing to the Department of Public Safety (Louisville: 502-413-8888; Lexington: 859-514-3600), the Department of Student Services, any Campus Security Authority, or local law enforcement (911 in an emergency). Reports may be made anonymously. Retaliation is prohibited.

Annual Security Report Statistics

Hazing statistics required by the Clery Act (all reported incidents meeting the federal definition that occurred in Clery geography, regardless of investigation outcome) are published in the University's Annual Security Report. The current report is available here: [direct link to the 2026 ASR PDF or webpage].
