

Deciphers hieroglyphs from the Maya codices

The New Catalog of Maya Hieroglyphs, Volume Two *Codical Texts*

By Martha J. Macri and Gabrielle Vail

This long-awaited resource complements its companion volume on Classic Period monumental inscriptions. Authors Martha J. Macri and Gabrielle Vail provide a comprehensive listing of graphemes found in the Dresden, Madrid, and Paris codices and discuss current and past interpretations of these graphemes. Together the two volumes of the *New Catalog* represent the most significant updating of the sign lists for the Maya script proposed in half a century.

Martha J. Macri is Professor Emerita of Native American Studies and Research Professor in Linguistics at the University of California, Davis. **Gabrielle Vail** is adjunct Assistant Professor of anthropology at the University of North Carolina in Chapel Hill.
