Michael W. Homer has collected the writings of diverse European travelers through Mormon settlements in the American West. Providing a counternarrative to typical accounts of encounters with Mormons in such sojourns, these collected tales include such colorful perspectives on the Mormons as those of an outraged Catholic priest, an intrigued German prince, a liberated French woman, an insightful Italian count, and an embittered Danish apostate. Some of the travelers met with Brigham Young, while others encountered more commonplace figures of the West, including fur traders, Indians, and soldiers.

Michael W. Homer, a lawyer in Salt Lake City, has published many articles on law and Mormonism. He is the author of *Joseph’s Temples: The Dynamic Relationship between Freemasonry and Mormonism*.
