U.S. HISTORY/CIVIL WAR

Chronicles the operations and experiences of the Northern Virginia cavalry

“A major work . . . Longacre succeeds brilliantly in showing us a crucial, much-tested force.”—*Publishers Weekly*

Since the first histories of the Civil War appeared after Appomattox, the cavalry has received intermittent, uneven, and even romanticized coverage. Historian Edward G. Longacre has corrected this oversight. *Lee's Cavalrymen*, not only details the organizational and operational history of the mounted arm of the Army of Northern Virginia but also examines the personal experiences of officers and men.

Longacre chronicles the salient characteristics of the regiments, brigades, and divisions, and explores the evolution of cavalry leadership, with emphasis on the personalities, interpersonal relationships, and operational styles of J. E. B. Stuart, Wade Hampton, Fitzhugh Lee, and other influential commanders. He has consulted dozens of collections of letters, diaries, and memoirs by cavalymen of all ranks, and his careful study of North Carolina, Virginia, and Georgia newspapers unearthed rare cavalry-specific dispatches. Longacre also makes extensive use of an unpublished memoir of Gen. Wade Hampton, Stuart's second-in-command.

A provocative analysis of the mounted army's organization, leadership, and tactics, *Lee's*

Cavalrymen is a study that no Civil War enthusiast will want to miss.

Edward G. Longacre is the author of numerous articles and twenty-four books on the Civil War, including *The Cavalry at Gettysburg*, winner of the Fletcher Pratt Award for best nonfiction book on the Civil War, and *Gentleman and Soldier: A Biography of Wade Hampton III*, winner of the Douglas Southall Freeman History Award.
