MILITARY HISTORY/U.S. HISTORY

VOLUME 28 IN THE FRONTIER

MILITARY SERIES

The first thorough scholarly history of this ill-fated expedition

"Outstanding. . . Highly recommended for anyone seriously interested in white-Indian relations, the frontier Army, the Indian wars of the post-Civil War era, and the career of Winfield Scott Hancock."—*On Point: The Journal of Army History*

"An important contribution to the history of the Indian Wars."
—*Western Historical Quarterly*

When General Winfield Scott Hancock led a military expedition across Kansas, Colorado, and Nebraska in 1867, his purpose was a show of force that would curtail Indian raiding sparked by the Sand Creek massacre of 1864. But the havoc he and his troops wrought on the plains served only to further incite the tribes and inflame passions on both sides, disrupting U.S.-Indian relations for more than a decade.

Exploring the vastly different ways of life separating Cheyennes and U.S. policymakers, William Y. Chalfant shows that neither side was willing or able to understand the other's needs. He reveals how Hancock's counterproductive efforts brought untold misery to Indians and whites alike and led to the wars of 1868.

Chalfant's sweeping narrative forms the definitive history of one of the most significant Indian campaigns in American history.

William Y. Chalfant, a practicing attorney and a director of the Kansas Historical Society, is an avid student of western American history. Jerome A. Greene is retired as Research Historian for the National Park Service. He is the author of numerous books, including *Stricken Field: The Little Bighorn since 1876*.
