

# Installation Guide for Unity Web Player

Updated: 3/9/2018

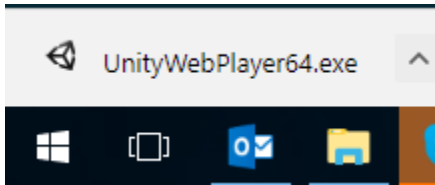

## Procedure

- I. Go to <http://unity3d.com/webplayer> and select **Download** for your appropriate OS.

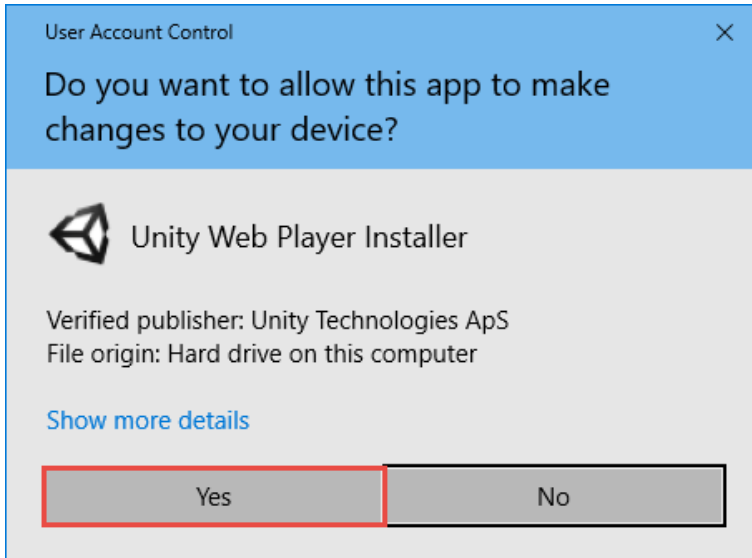

The screenshot shows the Unity website interface for downloading the Web Player. At the top, there are two tabs: 'Windows' (which is selected and highlighted in light blue) and 'Mac OS X' (which is greyed out). Below the tabs, the main heading reads 'Unity Web Player for Windows'. Underneath this, it specifies 'Internet Explorer 11' and lists 'Requirements' as 'Windows XP/7/8/10'. At the bottom of the content area, there is a prominent blue button with a red border labeled 'Download'.

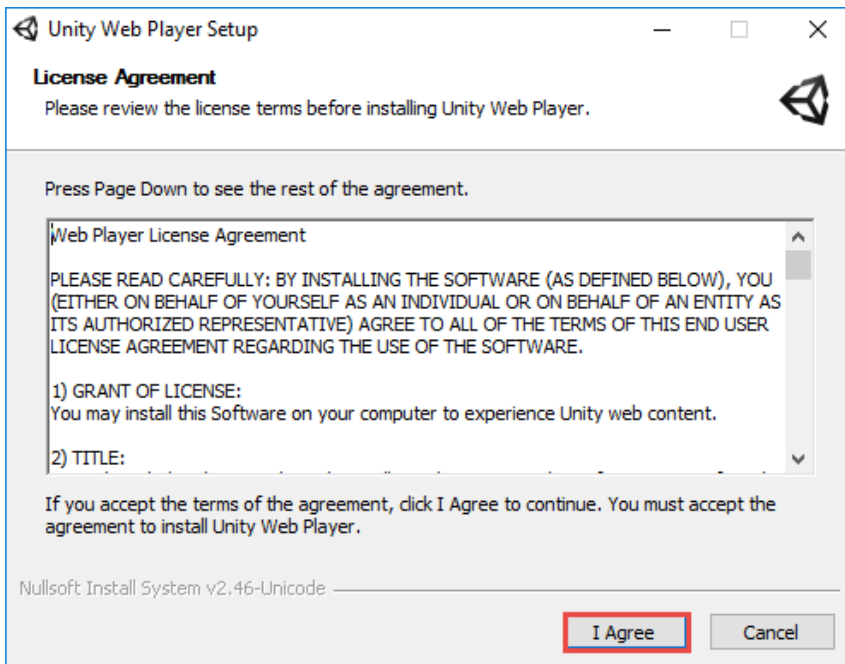

2. The program will begin downloading.

3. Select **Yes**.

4. Select **I Agree**.

5. Select **Finish**.
