PLTW KITE STUDENT PORTAL INSTALLATION GUIDE FOR MAC

Welcome to the PLTW Kite Student Portal installation guide for Mac.

PLTW Kite® Student Portal is what students use to take the End-of-Course (EoC) Assessment and Informative Assessments. When running, PLTW Kite Student Portal covers the full screen of the test-taking machine, preventing students from accessing outside information during the test.

This installation guide serves as a tool for those responsible for installing PLTW Kite Student Portal on testing machines prior to students completing assessments.

PLTW Kite Student Portal Supported Versions

The newest version of PLTW Kite Student Portal is version 4.0.0.0. If you still have version 3.0 installed, you may continue to use that version in 2021-22. If you have already uninstalled version 3.0 from the testing device, you will not be able to download this version again.

PLTW Kite Student Portal Version 1.0 and 2.0 are no longer supported.

Updating/Uninstalling Previous Versions

PLTW Kite Student Portal version 4.0.0.0 requires a new installation.

You must uninstall any old versions of PLTW Kite Student Portal prior to installation if you plan to update your testing device to version 4.0.0.0.

To uninstall prior versions:

1. Open Finder.
2. In the Go menu bar at the top of the screen, click Go to Folder 3. In the text field provided, type “/Library/Application Support”
3. Click Go.
4. Delete anything PLTW Kite Student Portal, such as the PLTWKiteStudentPortal folder.
After uninstalling a previous version of PLTW Kite Student Portal, you must also remove PLTW Kite Student Portal from the Application Support folder.
