

Dear Church Leader:

I am writing to you because my heart has been burdened for a SILENT MISSION FIELD.

Millions of women silently carry the pain and heartache of a previous abortion. They are trying desperately to hide their secret deep in their hearts, and many are suffering severe consequences. We can NO LONGER ignore this vast ministry. With compassion, we must show these women how to replace the enemy's lies with God's truths, leading them to healing and freedom.

**43%** of all women have had at least one abortion by the time they are 43 years old.

\*That equates to 1 in 3...actually almost 1 in 2!!  
(Of this population, 79% claim to be Christians.)

To put this in perspective, take your church's population of women (and to be conservative) divide it by 3. That will give you the approximate number of women INSIDE your church that daily carry the burden of at least 1 past abortion!!

We have a mission field - in our church and community - that has been created by abortion. This is a **significant** population that churches and women's ministries must reach out to with love, compassion, truth & hope.

Thankfully, we now have a tool to use to reach these hurting women. Printed in 2007 by LifeWay, ***Surrendering the Secret*** is a biblically based healing journey for women who have experienced the pain of abortion. Written by Pat Layton, this 8 week interactive Bible study will help women find hope and healing through unique journaling exercises, meaningful group activities, and a caring, confidential community.

I have been trained by Pat and her team of national trainers to lead this Bible study and break the silence of the pain of abortion. Will you partner with me in bringing healing to the women in our congregation and community?

Thank you,
