The **Cut-True 16M Manual Paper Cutter** combines accuracy with safety and user-friendly features. Using its **hardened-steel Guillotine blade** and **lever-activated blade arm**, it has the strength to cut through paper stacks up to 3.15” high and 18.7” wide. The **LED Laser Line** shows operators exactly where the blade will cut, and the **spindle-guided back gauge** and calibrated scales allow for precise adjustments. Safety is also a top priority with **front and rear plexi covers**, **blade lock**, **external blade depth adjustment**, **blade change safety tool**, and a **wooden paper push for safe alignment**. These features are all housed in a rugged all-metal stand with feet for tabletop use.

Rugged All-Metal Stand
Also includes table top feet so you can cut anywhere

Geared Clamping System
Large clamping wheel easily keeps paper in place for accurate cutting

LED Laser Cutting Line
Shows exactly where the blade will cut, allowing for precise adjustments

Safety Cover & Back Gauge Crank
Plexi cover for safety and spindle guided back gauge for accuracy

High-Quality Hardened Steel Blade
Cleanly cuts paper stacks up to 5/8” high and up to 14.5” wide

Tool Kit Included
Wooden paper push and blade change tools for safe adjustments
