The **Wire200** and **Wire300 Electric Binding Systems** provide fast, effortless binding with consistent, professional results. Designed for easy operation, they feature an intuitive **size adjustment knob** for fast setup, an **integrated easy-loading wire holder** for improved workflow, **convenient foot pedal operation**, and an **automatic shut-off switch** to enhance operator safety. The Wire200 and 300 can bind **up to 400 books per hour**, **up to 340 sheets**, with **ReadyWire diameters up to 1 1/2”**. The **parallel adjustment knob** ensures a precise bind every time, from the first document to the last.

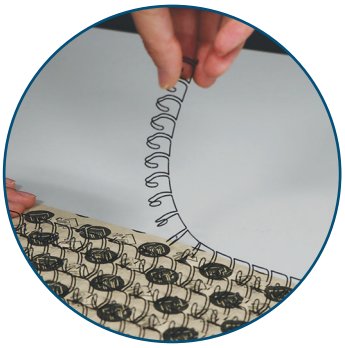

Easy-Loading Wire Holder
Convenient integrated fingers allow for easy paper loading onto wire binding.

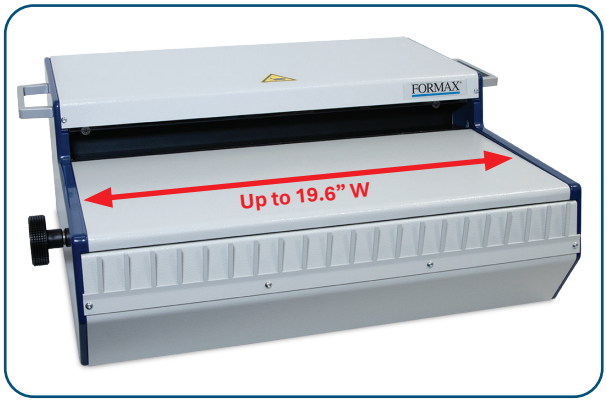

Wire Diameter Adjustment
Comfortable and easy to use, the diameter hand wheel ensures accurate setup.

Operator Safety Switch
Automatically stops and cuts power to ensure operator safety.

Formax ReadyWire Binding
Packaged in patented wire sheets to keep them organized, undamaged and easy to remove.

Wire300 System
All the features of the Wire200, with the capacity to handle booklets up to 19.6” wide

STANDARD FEATURES

- Heavy-duty all-metal design
- Quick adjustment knob for easy diameter set-up
- Electric foot pedal operation
- Integrated easy-load wire holder
- Binds wire diameters up to 1 1/2”
- Automatic safety shut-off sensor
- Parallel adjustment setting for the perfect bind

SUPPLIES - ReadyWire Double-Loop

- Packaged in patented wire sheets to keep them neatly organized, undamaged, and easy to remove
- Available in diameters from 1/4” to 1 1/2”
- Thicker than industry standard
- Designed to close in a perfect circle
