THE SUCCESS JOURNAL®

It's the morning commute, and you're stuck in traffic...again. Why are you in this rat race, anyway? Oh yeah...a little something called mortgage payments. Bumper-to-bumper, breathing exhaust fumes, your mind wanders off to your favorite daydream...*owning your own business*. Imagine, no more commutes! Setting your own hours. Being an entrepreneur! Freedom, wealth, success. Your mind starts dwelling on the infinite, wonderful possibilities...

Suddenly, something snaps you out of your daydream. Your hand instinctively reaches to turn up the radio. Hey, listen to this! They're talking about entrepreneurs. And how they achieved success. *You've got to hear this!*

"I love it...I really do. It's a great feature!"

- Skip Essick, Program Director, KMJ Fresno

"Advertisers think it's terrific!"

- Weezie Kramer, Group President, Entercom

"A daily shot in the arm! Inspiring stories of people making a difference!"

- Mark Larson, KCBQ San Diego
