The 2018-2019 (dated January, 2019) manual contains new and updated materials concerning the tournament and the events.

Please make sure your judges read the event descriptions as given by the NSDA in the 2018-19 **Competition Events Guide at**

REGISTRATION Our district qualifier tournament for all events (except Congress) will be held March 15-16 at Bob Jones Academy in Greenville. For all non-congress events, we will be using the standard version of the NSDA Unified Manual (not any pilot versions), posted to the right in the "Info" section of our registration page on Tabroom.

This is a BIG change from previous years. Check your email for Tabroom.com registration instructions that I will send to everyone.

Due March 8 – Registration at southcarolina.tabroom.com – students and judges. Initial registration needs to be done by this date (7 days in advance of the tournament). You will have until Wednesday, March 13 8:00 pm to make changes without charges. After that time, any changes must be emailed to Gail Nicholas. Please read the rules about substitutions and drops.

No changes except drops may be made within a 48 hour window of the tournament.

More District tournament information:

Proof of membership: Due to the nature of school entry limits, we ask that you update your students' NSDA points through the NSDA's Point Application at least 10 days prior to the tournament. Students must have a minimum of 25 NSDA points on record, as well as be registered individually through the NSDA website to be eligible to compete at the District Tournament. Tabroom.com will have a list of your eligible students.

Number of entries: No team is allowed to enter more than **four** in any one category except congress. Total number of entries for each school is determined by the number of degrees the school has on record seven days prior to the tournament. To determine the number of entries your school may bring, refer to the chart on page 60 of the District Tournament Operations Manual. The NFL rules count duo teams, PFD teams, and policy teams as ONE entry.

A. Each school is permitted **four entries** in each event as long as the entries do not take you over your allotment quotas.

B. Our district will qualify two students to Nationals in all events if we reach the Level 2 status (page 61) with school membership - and for 2019 we are one school short but should get done soon!!

C. **Each interp contestant must submit the Bibliography form for all pieces done in the performance.** This is done directly into Tabroom.com and does not require a printout. The original sources (as well as a marked copy with highlighted lines) should also be available at registration as well as throughout the entire tournament. Any challenges will require that the original sources be shown.

D. Each interp contestant/coach must have the **Script Verification Cover Sheet** filled out and submitted in your Tabroom.com registration.

D. **Each Informative and oratory contestant must have available throughout the entire tournament their written speech with bibliography.**

NEW in 2013-14: There must be 2 schools entered in all speech and debate events in order for the event to be valid.

Double Entries: Read page 65 of the Tournament Manual. The District committee has voted to use the rules found under "Double Entry" districts. Remember that no doubling is allowed at Nationals. Each double entered student must complete a single entry letter of intent signed by all required parties BEFORE the tournament begins. This form is located in the southcarolina.tabroom.com registration site. Congress participants will be allowed to take part in the District tournament as well as the Congress tournament. All students who participate at the District Congress, must fill out the single entry intent form if competing at the District tournament.

In addition to the doubling information found in the NFL manual, the district committee has agreed on the following rules:

1. Contestants may double between the 2 Extemp (IX/DX).
2. Contestants may double between one debate event and one Extemp.
3. Students may NOT double in LD and PFD.

Student Codes: Your students' codes will be **given to you at registration**. The codes will also eventually show up in the **Tabroom.com registration of your school**.

Drops and Substitutions: Email (nickfam@charter.net) or by overnight mail. **No changes will be accepted by telephone**. If you have questions about the process, please feel free to call (864) 270-8556 which is Gail's cell and voice mail. **No changes except drops may be made within a 48 hour window of the tournament**. If you need to make last minute drops on the day of the tournament, you can reach Gail Nicholas at BJA on her **cell phone at 864-270-8556**. **Texting is another way to reach Gail**.

Awards:

Students making the final round in each event will earn South Carolina Awards.

If we reach Level II status in the NSDA, the 2 qualifying students in each event will earn NSDA Awards. Otherwise, the top student in each event will earn the NSDA award.

Observers: In order to make the tournament as fair as possible for all competitors, everyone is asked to follow these policies about observing:

1. No competitors or judges may observe debate rounds until the FINAL round.
2. No competitors may observe speech rounds until they are out of the competition (in other words, until semis and finals).
3. Judges may not observe until they are dismissed from the pool. All judges are obligated through finals if needed.
4. Observers who are not competing in any event will receive observer tags in order to observe rounds beginning with round 1.

DISTRICT CHECKLIST

_____ **Single Entry Intent Forms** signed (by all students double entered and by all students who participated in the District Congress tournament). This is located in Tabroom.com. **Print them out and have them signed. THIS IS THE ONLY PAPER WORK THAT MUST BE TURNED IN AT REGISTRATION.** (All other required forms are located in and remain in Tabroom.com.)

_____ At registration you will be asked to sign a **Judges' registration form** acknowledging commitment through final rounds. (Remember- **you must provide sufficient qualified judges**)

_____ prepayment of all **fees** (PLEASE!!! This speeds up registration.)

_____ **payment of NSDA dues** still owed (make separate check to the NSDA)

_____ Judge Bond of **\$200** (check preferred) – a separate check to be returned at end of tournament if all judge requirements are met.

_____ Home and cell telephone numbers

_____ Email address

Fees: Fees for the District Tournament will be **\$20 per entry**. Remember that a CX team or a PFD team or a Duo team counts as two entries for fees - \$40. **You must pay for each person who is on your registration as of 5 pm March 13.** Plans for the tournament are made based on original registrations. There will be no charge for substitutions; however, substitutions may only come from your NSDA membership.

Make all checks payable to the South Carolina National Forensic League (SC NFL).

\$20 for each individual student entry (speech and debate)

\$50 for each judge dropped (and not replaced) after registration is received.

\$35 School fee (all schools)

The school fee will be used specifically to cover the costs of the **judges' lounge**.

\$200 Judge Bond (separate check preferred) – this fee will be returned to you at the end

of the tournament as long as all of your judges have met their obligations when posted.

All teams must have at least one adult present at all times who is responsible for the team.

Judges: In order to ensure the best competitive environment for our students, we ask that you provide quality judges for the tournament. At this point we plan to run the California plan - the method whereby two judges are used beginning with Round 1. The judging requirements are as follows:

- One judge for EACH LD Debater
- One judge for EACH PFD and/or CX/Policy Team
- One judge for every 4 Speech entries or fraction thereof.
- **Failure to provide judges will require teams to cut their entries.**
- Each school will be allowed 2 judge strikes from our district which must be before the end of registration. Strikes will be honored as long as the judge pool is full and overflowing. Because of the strike policy, it is very important that your judges are registered BEFORE final registration opens.

Judge Strike list to view will be at registration.

There are no judges for hire. A judge obligation is for 2 days for this tournament. (Friday only is considered half a judge and requires another half judge for all day Saturday and vice versa).

Since the District tournament is SC only this year, we will need to bring more **UNAFFILIATED** judges in order to fill the pool. Please work hard to find such judges.

The local pro bono pool is used to fill out rounds where school conflicts create impossible situations for us. Please start working on judging commitments soon. **REMEMBER, ALL OF YOUR JUDGES ARE REQUIRED TO BE ON TIME TO ROUND I and ARE COMMITTED THROUGH FINAL ROUNDS.** Coaches must sign the judges' entry form acknowledging that their (Saturday) judges are committed through Finals. Each year we have teams/judge who want to leave because their students are eliminated. This creates an impossible situation for those students remaining in the competition since judges from their schools cannot be used in a round where the school is represented. A judge's failure to report for a round will result in the loss of that school's judge bond. Judges will be asked to stay in the judges lounge during rounds when not judging. The ability to find them quickly will be facilitated. Judges are asked NOT to observe rounds in which they are free since they may judge that particular event in a later round. Final rounds will be open for observations.

Judges' Lounge: A reminder to all **coaches** that this year schools will share the expense of the complimentary judges' lounge. BJA and GTC will be coordinating this effort. Included in your school entry will be a **\$35 school fee** to help with this expense.

A final note about judges: Of all the tournaments in the course of the year, the district qualifier tournament is the most important to our students in that it offers them a chance to go to Nationals. We MUST provide QUALITY judges for them. Please DO NOT bring INEXPERIENCED JUDGES! Please advise your judges on proper decorum. It is unethical for a judge to come out of a round and coach his students about the competition he/she has just seen. Please caution them about innocent remarks. All judges are expected to be on time to their rounds and to stay through the end of the tournament. They MUST be available for ROUND I; we cannot start without judges.

College Judges: Freshmen and Sophomores will not be used in final round panels. They will also not be allowed to judge events in which they competed while in high school (this will be as best we can control this). When registering college judges, please write their HS event in the notes section as well as their year in college.

Tentative Schedule

Please check this schedule closer to March 15 for any updates.

PLEASE NOTE: For liability reasons, each school must have an adult present for the duration of the tournament. That adult must be present at BJA for registration on March 15th and fully available throughout the tournament. We cannot accept independent entries per NSDA rules. ONLY the faculty coach

of record can register the team online and fill out the hard copy paperwork. Please adhere to this very important rule.

World Schools Debate Team for Nationals

PAGE 91 in District tournament manual

South Carolina WORLD DEBATE TEAM: The South Carolina NSDA District will select ten District tournament competitors to compete as 2 teams in the "World Debate" category at NSDA Nationals this year. **To be eligible, coaches must express an interest on behalf of their students by registering them with Gail at the Friday registration.** Those students must enter at least one main event at the South Carolina tournament (**including the Congress event held Feb. 2**) to be eligible for consideration. There will be no World Debate competition at Districts. Instead, the district committee will choose the ten South Carolina team members for nationals from the list of students who were registered by their coach at the final registration

but did not qualify in a main event at the district tournament or decided to forgo their qualification for WSD. The committee will attempt to choose a team that represents a diverse group of schools in the district while also attempting to choose those students who will be most competitive at nationals. Students chosen must be committed and available to prepare and practice as a team. Students expressing an interest in being on the South Carolina World Schools Debate team might be asked to fill out an application or participate in a selection committee interview. **The committee will only consider students who are registered for consideration. If a student competed in the Congress and will not compete in the March 15-16 district event, the coach should email Gail Nicholas with the student name to add to the list to be considered for the team.** Please see page 91 of the District Tournament Manual for more information on how World Debate works.

NEW IN 2015-2016: Students do not have to be a non-qualifying entry from districts to be selected to compete for the district World Schools Debate team. Students who attend the district tournament and qualify in a main event for the 2018 National Tournament may forgo their qualification and participate in the 2019 USA World Schools Debate Invitational, if they are selected for the team by their district and have preferred it on the Single Letter of Intent prior to the District Tournament Series.

Please make sure that your students expressing interest in WSD are committed to the team if chosen!

Please note that we will need someone to serve as judge at the national tournament. If you are interested in this position, please contact Gail Nicholas. The World Schools Debate will probably be held at a different location than the main events. If your school requires separate adult supervision from your school, you will have to consider this before entering students.

NFL District Student of the Year Award

With the level of integrity, intellect, and character that is among the student population in each district, the NSDA is proud to announce the implementation of the NSDA District Student of the Year Award. Each coach should nominate one student that exemplifies the leadership practices and positive qualities set forth by the National Forensic League.

The award will be based on coach nominations only. Nominations should be in the form of a 500 word or less essay about the nominee and their service, passion, and dedication to the district, the NSDA, and to the activity of forensics. Nominations should be collected and reviewed by the District Chair and his or her committee. Whoever receives the strongest nominations for the award should receive the award.

The winner of the District Student of the Year award will receive a plaque from the NSDA National Office during the awards ceremony at the final District Tournament. His or her District Chair will present the award.

To nominate, each nominee should reflect the following standard:

- A nominee must be an NSDA member in his or her senior year of high school.
- The nominee should uphold the NSDA Code of Honor.
- The nominee should demonstrate strong academic standards.
- The nominee should demonstrate participation in a wide array of community involvement and service.
- The nominee should exhibit dedication and commitment to the NFL and forensics.

Nominations must be received by the end of Registration on March 15, 2019.

Events Information:

Extemp:

1. Extemp topics are provided by the NSDA.
2. More than likely there will not be 7 rounds of extemp. The semi final and final round topics will be the next round of topics scheduled.
3. The 2019 Topics will be the following (Listed in round order):

The IX topics will be:

The US topic will be:

4. Computers will be allowed in the Extemp Prep room. Each coach and student is responsible to read the NSDA rules concerning computer usage and to comply with them. These rules are found on page 49-50 in the High School Unified Manual. (SC will NOT use the Piloted Guidelines found on page 50.)

BJA will not be responsible for computers and will not be required to supply power sources.

Interp manuscripts: Each student is required to have the original, uncut source of his/her selection at the tournament. However, if the cutting comes from many different pages within a work, please, in addition, photocopy all pages used for a particular cutting and highlight the lines for easy reference. Coaches are required to present original sources at registration. Please be aware that any student qualifying for Nationals must include publisher address and ISBN number with his national registration. **Please read the NFL manual concerning all interpretation rules on pages 44-47. Webpage standards are included in these pages.**

Debate Resolutions: The District tournament will use the March resolutions for Public Forum and Lincoln Douglas debate. Check the NSDA Website – the resolutions are already available.

Use of Laptops in Debate Events: Laptops will be allowed in all debate events (including Congress), but the NSDA guidelines must be followed. Read page 25 of the District Tournament Manual for the rules. Students will be responsible for reading the rules prior to the tournament.

The District will follow the debate evidence rules on pages 28-32 of the manual.

IE Tournament plan: Last year we successfully used the **California plan** (pages 79-82 of the NSDA manual) for speech events. As long as each school meets its judge requirements, we plan to follow this plan again. Otherwise, we will have to use the **Up/Down IE plan** described on pages 76-78 of your NSDA manual. The plan calls for two downs, and the student is out. The first two rounds of IE are randomly paired. Subsequent rounds are paired according to the NSDA guidelines. Three judges are used beginning with round three.

Debaters advance until they have **two losses**. The first two rounds are randomly paired with numbers assigned by the computer. Later rounds are straight power. Three judges will be used when there are eight or fewer teams left. If there are enough judges, we will use three judges beginning with round one. Read pages 67-70 of the NSDA manual.
