A Bill to Remove Data Imbalances in Technology

Development

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

1 **SECTION 1.** Companies creating technology must remove data imbalances and biases
2 when testing and developing products.

3 **SECTION 2.** Data imbalances occur when a dataset does not appropriately represent all
4 possible cases. This occurs most frequently when data is used for training
5 and testing in Machine Learning (ML), a type of Artificial Intelligence (AI).

6 **SECTION 3.** The United States Department of Commerce shall oversee the
7 implementation of this bill.

8 A. Companies found not in compliance with this policy will receive an
9 increase of 5% on their yearly income tax.

10 B. For every month that passes without improvement in data diversity, the
11 tax will increase an additional 5%.

12 **SECTION 4.** This legislation shall go into effect January 1st, 2020.

13 **SECTION 5.** All laws in conflict with this legislation are hereby declared null and void.
