

Southern California District NSDA 2019 District Qualifying Tournaments

Speech and Debate Events: March 23-24 at Los Osos High School, Rancho Cucamonga
Student Congress: March 30 at Canyon Crest Academy, San Diego

Schools who are chartered and affiliated with the Southern California District of the NSDA are cordially invited to enter and participate in the **Southern California District Tournament** at the above locations and dates. Qualifiers to the National Tournament will be based on actual entries competing in each event. However, our District may earn bonus entries based on our total number of Member Degrees (currently our District has two qualifiers per event, provided we meet the minimum number of entries). Please enter all of your NFL points in a timely fashion, to avoid a mad scramble as we prepare to send our students to the 2019 National Tournament held June 16- 21 in Dallas, Texas.

Schools must complete both On-Line entry and Paper entry.

Judges: Every effort will be made to recruit qualified judges from area college programs. On the Congress weekend, each school must provide one qualified adult judge for every five (5) Congress entries. Your judges MUST be available to judge THROUGHOUT the tournament. You must meet your judging commitment on Saturday as well as all day Sunday. It is imperative that you meet your commitment, as we will be using two judges in each of the preliminary rounds of IEs. Please make every effort to bring qualified judges. If your team does not have the required number of judges, your entry will be reduced. Schools entering in debate must bring debate qualified judges.

Student Congress: This one day event will be held on March 30th at Canyon Crest Academy, separate from the other District Tournament. The Registration deadline for this tournament is 3/22. Check-in will begin at 8:00 am and rounds will commence at 9:00 am. Congress entries are independent from the formula used to determine all other entries. Our district must have at least 8 schools willing to participate in the Senate to seat a Senate. The number of chambers of the House will depend on the number of entries. We need at least 30 competitors in the House to seat two chambers. Please check the NSDA Congress Manual to determine your Student Congress entries. (See page 60 of the District Tournament Operations Manual)

Congress legislation will be available no later than March 16 on the Tabroom website.

If your school would like to submit legislation for consideration for use in this year's tournament, please email a copy of the bill to the District Chair by March 11th . (gosborn@helixcharter.net)

Rules: The NSDA pilot format will be used for individual events and debate. We will not be using NSDA pilot rules for use of internet in Extemp. Rules for events are available in the [NSDA District Tournament Operations Manual](#). Please read all rules in the manual before coming to the tournament. Violations of the rules may result in disqualification. Each coach is responsible for adhering to the rules and seeing that his/her students and judges are also aware of them. The following are some important notes:

1. Each coach must offer proof of NSDA membership for each student listed on the entry form, including alternates and reserve entries. The easiest way to provide proof of NSDA membership is to include a printed copy of your membership list from the NSDA webpage. *(Note: the NSDA only credits degrees for your students who have officially registered and joined online. They will have a blue check mark in the "Districts Eligible" column.)*
2. A school may enter no more than the maximum number listed on the Chapter Entries Formula from the Tournament Manual. If qualified, a school may enter up to two bonus entries.
3. Each school may, within their maximum number, enter no more than four debate teams, four Public Forum teams, four Lincoln Douglas competitors, four Big Question debaters, four Duo teams and four competitors in each Individual Event.
4. No notes may be used in Extemp Speaking, a student may not leave the prep room without permission of the Extemp Proctor, a student may not consult any other individual during preparation time, students may only consult approved published materials. Violation of the above rules may result in disqualification. Final round of Extemp will NOT include cross-examination. We will **not** be using the NSDA pilot rules for use of internet in Extemp.
5. A student may **double enter** in the IE/Debate tournament with the following restrictions:
 - A student may only enter one team/partnership event.
 - A student entered in one of the two extemporaneous events may not enter in another IE.All students double entering must declare in advance in which event they will attend nationals. This declaration must be presented to the District Chair prior to the start of competition. A copy of this "Letter of Intent" form is included in your invitation and should be copied and completed for all necessary competitors. (Please note the form requires Parent and Principal signatures and must be completed prior to arriving at the tournament.) Students who qualify in a team/partnership event and an solo event **MUST** attend nationals in the team/partnership event unless both members have qualified in a solo event and have indicated on the "Letter of Intent" that they prefer their solo event. Finally, since Student Congress is held at a different time and location it may be a student's third event. Remember, a school's number of congress entries is determined independently of debate and IE entries. If a student prefers to be considered for a spot on one of the district World Schools teams, they may/must mark that on their Letter of Intent form.
6. Current California manuscript rules will be followed. Therefore, with all speech entries you must submit a copy of your California manuscript. These must be submitted at registration, and can be picked up at the conclusion of the tournament. Coaches are responsible for ensuring all scripts follow NSDA rules. Any Interpretation material that is sourced online must be from the [NSDA Approved Websites List for Interpretation Events](#). All Interpretation competitors must have available at the

tournament the original published source of their cutting or the web address for the original published source.

7. Properly enter all student names on the entry form and have all students legibly sign the entry form. Student signatures must appear as they do on the NSDA membership form. (take a moment to double-check how student names are listed with the NSDA)

8. We will feature Big Question Debate at this year's qualifying tournament. However, all entries must be single student only and each school is limited to only four (4) entries.

9. Debate Topics:

Team Debate **Resolved: The United States federal government should substantially reduce its restrictions on legal immigration to the United States.**

Linclon Douglas **Resolved: The illegal use of drugs ought to be treated as a matter of public health, not of criminal justice.**

Public Forum **Resolved: The United States should promote the development of market rate housing in urban neighborhoods.**

10. We are able to send two (2) World School Debate Teams to Nationals. The Southern California District will select its 8-10 qualifying students with the following criteria. First alternates in Public Forum debate, LD debate, International extemp, domestic extemp with the remaining participants chosen from a list of applicants submitted by coaches. The process for submitting applications will be discussed at/after the District Tournament.

If you have any questions or concerns please contact me via telephone or email. It makes for a much smoother tournament if we work to resolve any problems in advance of the tournament. I look forward to seeing you at the tournament and I hope you will join my effort to provide a memorable competitive experience.

Look forward to seeing you and your teams,
