Please note: Schedule may change based on number of entries and how many rounds it takes to determine the top 2 state qualifiers. Please be patient with schedule changes as we work to run things as efficiently as possible. If the results from rounds 1 and 2 are clear, with round 3 acting as a final, we could be done by 1 pm. But please advise your students to have their schedules clear so that if we need to run a 4th round, we have the people to do it.
