COMMENTS & REASON FOR DECISION:

Aff

You need to be more articulate.
I could barely understand you in AC when you were speaking.
Don't mind speed, as long as I can understand you.

- I like the idea of the social contract and the fact that you the abuse goes up to life

- You failed to respond to overview on NC - which was important. You should try and use your time more wisely, you have excellent points, you just need to implement them.

Neg

You are an Amazing speaker! Excellent job w/ the value clash, it made the round a lot more interesting!

Harris card - showing that perf defense is arbitrary and subjective... this extension is a major reason why you won this round! excellent!

Very nice case! You are an awesome debater, keep up the good work!

COMMENTS & REASON FOR DECISION:

Really smart CX.

+ strategic AC framework, good use of preclusion

good NC but need to cover AC more; your rebuttal was repetitive - very big picture, need to address internal warrants of his contentions + generate more offense for yourself.

Bellevere = new in 2NR (a lot of other new args)

need to be linking args to the framework more explicitly; "cycle of violence" links are pretty tenuous since the warrants for the arg as it appears in NC are pretty weak

Aff wins F/W is a prereq to NC

Neg does not refute that the situation of a battered woman deprives her of free will, making it permissible to use violence (& thus being out of the scope of the "cycle of violence" arg) ~~which is a rebuttal to~~

Aff is the offense + warrants in offense

NC & OFF get dropped, as well as the turn on the Ac.
