A Resolution to Advance Nuclear Energy in Contrast to Renewable Energy

1	WHEREAS,	Many efforts toward renewable energy in the past years such as
2		the Clean Power Plan (CPP) by the Obama Administration; and
3	WHEREAS,	renewable energy sources, such as solar and wind, will not be
4		sufficient in meeting America's energy needs as fossil fuel
5		reliability will steadily decline; and
6	WHEREAS,	nuclear energy provides a relatively, but drastically, safer
7		alternative to fossil fuels without this wide margin in energy
8		output
9	WHEREAS,	innovations in nuclear energy improve the reliability and energy
10		output of power plants while also minimizing waste products; and
11	WHEREAS,	uranium tailings are already regulated by federal law and deeply
12		secured into safe, underground storages; therefore,
13	BE IT RESOLVED,	by this student congress that actions are continued to drift away
14		from fossil fuels and focus onto a drift toward advanced and
15		fruitful nuclear power plants
16	BE IT FURTHER RESOLVED,	that the federal government create effective limitations
17		on nuclear ore mining and workers' protective protocols.
