

## **A Resolution to Restrict Public Surveillance Technology**

1 Whereas public surveillance is an inescapable aspect of everyday life with cameras in  
2 hanging from the sides of buildings, on traffic lights, at ATM machines, in  
3 homes, stores, and parking lots, and

4 Whereas, the constitutionality of public surveillance has often been questioned under  
5 the Fourth Amendment because it can be used to track people, and

6 Whereas, the probability of abuse of public surveillance becomes more likely as  
7 advancements in technology are made, and

8 Whereas, the annual funding that goes into public surveillance does not prove effective  
9 because crimes rates have not been significantly lowered due to public  
10 surveillance technology, therefore

11 Be It Resolved by the Student Congress here assembled that the federal government  
12 cut funding for public surveillance and will limit the use of public surveillance for  
13 everything other than the reduction of crime.
