

Frederick **SNOWBALL** Congress

You are cordially invited to the fifth annual* **Frederick Snowball** After-School Congress on Tuesday, December 10th, 2019. Registration will be from 3:00 – 3:20. The Congressional session will begin at 3:30 and run until 7:00, with awards to follow. Awards will be presented to the top two Speakers and the Presiding Officer of each Chamber, and will be in the theme of the Congress. (ex. Fireball, Ice) There will be a short recess around 5:15 with a slice of pizza and a drink complimentary for each student. Pizza and munchies will be available for coaches as well.

Students will roughly follow NFL rules, and “house rules” which include no two-part questions, PO selects questioners, no impeaching the PO, and no other shenanigans that waste speech time, such as renaming the Chamber or Representatives, extending questioning periods across the board, etc...

Legislation: Please submit one piece of legislation for every 2-3 students. Legislation should follow the format within the posted templates on Tabroom. I'd really appreciate checking for reasonable content, typos, grammar, and format before submission. Due to the fact that we will be hosting FredFest so close to this Congress, the *same* legislation will be used for both. (A bonus to those attending both!) Legislation submission deadline is Friday, November 29th, and I will post the docket ASAP afterward.

Registration will be through Tabroom.com. If you have any problems, questions, or need help in any way, please contact me @720-204-0565 (Text is best.) Entry fee is \$8 per student; with no limit to the number of students from any school.

We're looking forward to hosting you and your students for a fun Student Congress!

Sincerely,

Coach Jada Petersen and the FHS Forensics Squad

** Fun note: The Snowball has had the SAME winner for all four previous occurrences. I'm not saying it's a thing, and it might just be a coincidence, but that person became District Student of the Year... So, who wants to be the next Snowball winner? 😊*
