Setup Live Updates

In order to receive live updates, you must have the correct email address, phone number, and cell provider in your Account Profile.

After logging in, click the "Profile" link at the top of the page, and ensure you have filled out your phone number and cell phone provider, then click "Save Changes."

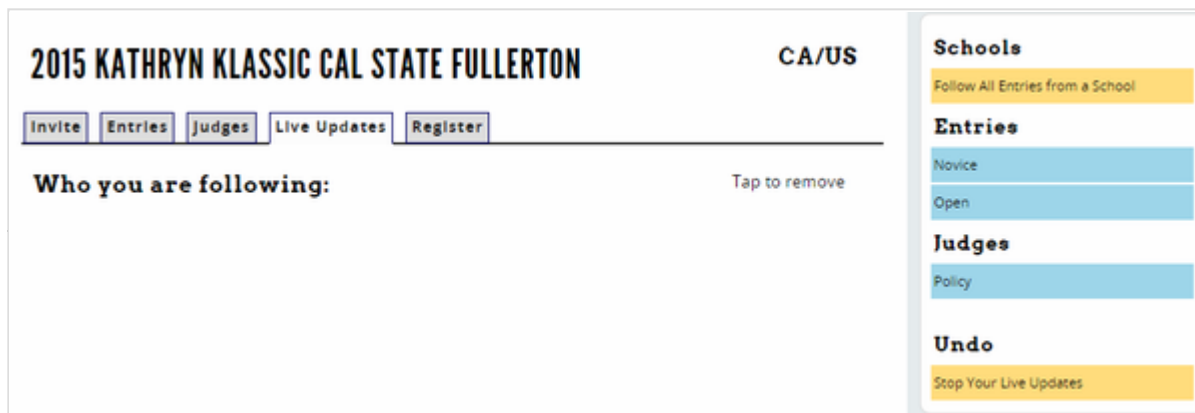

The screenshot shows a web form for updating account information. The fields are as follows:

- Phone Number:** A text input field containing "111-111-1111".
- Time Zone:** A dropdown menu with "New_York" selected.
- Cell phone provider (for texts):** A dropdown menu with "Landline/Do not text me" selected. A search bar is visible above the list of providers.
- No Emails*:** A checkbox area with a blue bar and a warning message: "* NO EMAILS: This setting will prevent you from getting ANY emails, including tournament results, but if you're coaching, you'll still receive chapter's access, and remove yourself."

The list of cell phone providers includes: Landline/Do not text me, Verizon, AT&T, T-Mobile, Sprint (PCS), Ting Mobile, Virgin Mobile, MetroPCS, and Sprint (Nextel).

Following By Tournament

To add people to your Live Updates list, you first have to access the Tournament from one of the [Calendars](#), then go to the Live Updates tab. If you are not yet following anyone, your list will be blank:

To add to your list, select an event/division of entries, a list of judges, or an entire school, then click a result to add it your list. After selecting one, you'll get a list of possible entries/judges/schools to follow, like this:

Open entries:		Click on a student to follow their live updates

Binghamton FC	Friedman & Choudhury	Iowa WP	Wright & Pilcher
Binghamton HS	Herrera & Smith	Kansas CK	Carey & Khatri

Once you are following an entry/judge, they will appear on your Live Updates tab in yellow:

You will receive a confirmation email any time you start following someone.

Stop Live Updates

To stop following an entry or judge, simply click the item in your list on the Live Updates tab, and they will be removed.

Alternatively, you can search for your phone/email and stop all updates. First, select the option to "Stop Your Live Updates" in the sidebar:

Then, search by phone or email:

If you are no longer involved with debate and want to ensure you're never contacted by Tabroom, just go to your account profile and remove your cell phone number, then check the box for "No Emails:"

A screenshot of an account profile form. It has four rows. The first row is 'Phone Number' with a text input field containing '111-111-1111'. The second row is 'Time Zone' with a dropdown menu showing 'New_York'. The third row is 'Cell phone provider (for texts)' with a dropdown menu showing 'Landline/Do not text me'. The fourth row is 'No Emails*' with a checkbox that is checked and circled in red.

That's it - you'll never be contacted by Tabroom again.
