

## **Cabot Classic Finalized Information and Schedule**

**Please read the following schedule carefully! Students need to be in rooms 15 minutes prior for live rounds. If students aren't in their rooms by start time, they risk forfeiture from the round. Extemp and Impromptu Topics have been updated also to reflect no semifinal.**

**Congressional** - Due to some late additions in Congressional debate, there will now be 5 chambers. Each chamber will have around 10 students. The top 3 students from each chamber will advance to the final round of 15 students. There will be 3 judges per chamber with one designated as the parliamentarian.

**Lincoln Douglas and Public Forum** - Due to the large pool, we've adjusted the schedule for an octofinal round to be held (even if it's a partial) pending on records. This schedule is tight so it's imperative that students be at rounds on time or risk forfeiture.

With the vast amount of entries in LD/PF, if you have any high school students or know of any high school students looking for volunteer hours or NSDA points, please have them email [rachelmauchline@gmail.com](mailto:rachelmauchline@gmail.com)
