

Greetings,

Thank you for attending the 3rd Annual Wildcat Cup at the University of Arizona. The University of Arizona Debate Series is proud and honored to be able to host this tournament once again. We appreciate your support in bringing the Arizona Speech and Debate community to Tucson. The Wildcat Cup was created on the premise of uniting and informing the community. You make our mission possible, as your students show that the future is bright with the skills they have developed and showcase in this activity.

The University of Arizona Debate Series is a leading organization that focuses on creating public discourse and informing society on ongoing issues. Through the use of monthly public debates, our members not only strive to showcase their debate skills, but most importantly engage with the community. For the Spring 2021 semester, we invite you to attend our upcoming debates ranging from debate itself on February 4th to drug legalization on April 15th. We are hoping to have our best year yet and would love for you to watch online.

With more than 25 active members part of the University of Arizona Debate Series and a large network of Speech and Debate alumni, we are grateful to be able to provide hired judges for the third year in a row. If your school is unable to provide a judge, please contact us to discuss requesting a hired judge. We would like to thank all schools, coaches, and competitors for supporting our tournament as we look forward to having our best year ever!

Sincerely,  
University of Arizona Debate Series
