LIVE DEBATE & IE JUDGES INFORMATION

REMINDERS/ NOTES (This portion may have more info added throughout the tournament as issues come up.)	<p>The Logan Will Ultimate Challenge has competitors vying for the title of the "Ultimate Challenger". These students are competing in 5-7 required events. Please be aware of this before leaving a room as they may be double or triple entered in IE events.</p> <p>***Students may be double or triple entered on Saturday. This means they may have to leave or come in late to a room. They have been instructed to have their mics and cameras off when entering a room.</p> <p>***Do not have more than one video call/link open at a time. This means that you must leave the judges room before going to the competition rooms.</p> <p>***You may have non-performing competitors turn off their cameras in round if the connection seems to be weak. However, it is expected that competitors use their camera while performing.</p>

CHECK OUT	<p>Please let the Judge Staff in the Judge Room know that you will be checking out. If you do not let us know, we will continue to assign ballots to you which will then put us behind schedule.</p>

FEEDBACK	<p>Please be sure to leave feedback for each student. This tournament is later in the season; however, some teams have just started competing. Be gentle and educational in your comments. The more detailed you can be about positives and improvement areas, the better students will be able to understand their scores and reflect on their performances.</p> <p>We will also ask that you follow the National Speech & Debate Association’s stance on Implicit Bias: “We are all influenced by implicit bias, or the stereotypes that unconsciously affect our decisions. When judging, our implicit biases negatively impact traditionally marginalized and disenfranchised students. Before writing comments or making a decision, please take a moment to reflect on any biases that may impact your decision making.”</p>
