As many tournament directors and coaches across the country are dealing with, incredibly tough decisions must be made to help balance the competitive nature and accessibility of tournaments. As teams have been able to get more access to their classrooms and technological support, along with trying to give students an authentic experience, all events will be held live on NSDA Campus this year.

Our schedule is tight, but it will allow students to compete in up to 4 speeches, as well as a debate. That being said, it is a lot of time in front of a screen, so please consider your own well-being before quintuple entering!

As someone who competed at Winter Classic many moons ago, and consistently brought students throughout my coaching career, I understand how important this tournament is to our community. We may need to continue to adapt this year, but we are still ecstatic to invite you to continue this grand tradition of competitive excellence and camaraderie, and hope to see you come December.

## **IMPORTANT NOTE:**

- **We will be using NSDA Campus on Tabroom.com to host and tabulate our tournament.**
- **DEADLINE to register for all events is Wednesday, November 24<sup>th</sup> at 11:59 pm.**
  - **Teams may be added after the deadline, available space permitting; we'll pull entries from the waitlists as spots become available.**

- To help teams getting a later start this year, registration will begin October 12th, and no teams will be pulled off the waitlist until October 22nd. The tournament is expected to fill quickly after this date.
