ABOUT US

Forensics University was started almost a decade ago as a way to give back to the community through free resources and ideas to help coaches, students, and parents. This site is completely donation run, with no advertisements to shift the focus from education. Anyone interested in being a contributor, whether to simply volunteer, or for a resume addition, the website is 4n6U.org and the application form is right on the site. Any profit made from this tournament will go towards both expenses of running the website so that the content can stay free and accessible to all as well as team scholarships for those teams looking to begin their process, who have had their budgets shortened by administrations, or huge shifts in a school districts economic status. Scholarships applications are submitted through the website and email.

Thanks for all you do,

The volunteer staff of Forensics University.
