A Bill to Require Demolition and Remediation of Defunct Power Plants

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED:

SECTION 1. Any corporation that owns a coal, petroleum, natural gas, or nuclear power plant and is planning to cease operations of that plant must provide for the demolition of that plant and the remediation of the area where it is situated.

SECTION 2. The corporation in question shall submit a demolition and remediation plan to the Environmental Protection Agency (EPA) at least one year prior to the planned date of closing. The EPA will work with the company to ensure the plan is satisfactory and then that it is carried out.

SECTION 3. Any corporation owning a power plant of any of the aforementioned types and which has already been closed will have one year from the date of passage to begin the process detailed in Section 2.

SECTION 4. Any eligible corporation that fails to meet these requirements within the stated timeframes will be fined $10 million and cede ownership of the plant and the property on which it is situated to the federal government, at which point the EPA shall proceed with demolition and remediation independently. The EPA will also commence demolition and remediation of any eligible power plants currently under the ownership of the federal government, to be completed within five years of the date of passage.

SECTION 5. This legislation shall be overseen by the EPA.

SECTION 6. This legislation shall take effect immediately upon passage.

SECTION 7. All laws in conflict with this legislation are hereby declared null and void.
