

Nominate students for Speech and Debate Camp Scholarships

Proposal: To establish a system for coaches to nominate students for scholarships to attend SWSDI camp

Objectives:

- Coaches would nominate students that they see at tournaments that show promise for greatness.
- Increase retention for students as they have support outside of their school and coach for their continued growth.
- Increase the growth of our state Speech and Debate Camp to increase the growth of Speech and Debate throughout Arizona.

Process:

- Coaches would be able to nominate a given number of students for scholarship to SWSDI camp over the summer.
 - The nomination process will be available as both a paper form and an electronic form
 - The nominations will be reviewed by the ASDCA board.
 - Nominated students coaches will be contacted by the board to award scholarship to nominated students
- These should be students that they see a potential in, but are not placing yet, or are not placing as high as they could with some help at camp.
- Coaches will nominate students that are not at their school/ they do not coach
