

## Restaurant Suggestions

Prices are based on the total cost of one person

Be mindful that being close to DA does not mean that it will be close to your hotel. For instance, if you are staying downtown, the downtown options will be much more convenient than restaurants near the Southpoint or New Hope Commons areas of Durham.

Not all suggestions will be able to accommodate large groups so be sure to consult the hyper-linked website.

There are hundreds of good restaurants in the greater Durham area so feel free to stray from the list...There are very few ways to go wrong.
