1. Moira: You had excellent eye contact and your speech was very relatable! You had good sources.
 2. Kai: You had fantastic inflection in your voice throughout your speech, and your points were well-researched. You could have used a stronger conclusion!
 3. Ambry: You had a very well-thought-out attention getter! I really liked that you didn't read out your speech word-for-word. Try and use fewer filler words next time.
 4. Langston: You had good eye contact in your speech, but I would vary your volume and tone a little bit more. I liked the recap of your speech at the end.
 5. Lucas: You had a good conclusion in your speech, but please have more eye contact!
 6. Simran: You answered your question very professionally. Please read less of your speech word-for-word!
