1. School eligibility

- This tournament is open to high school students (Grades 9 to 12). Middle school students may compete in novice divisions.
- Only accredited public and private schools may enter competitors.
- Each school must identify an adult “Person in Charge” for their school. That person must be reachable during the tournament via phone, and must be able to reach all participants from their school – including competitors and judges. The tab staff will not have cell phone numbers for competitors and may depend on each school’s “person in charge” to contact competitors or judges from their school, when necessary (e.g., when individuals have not entered the online debate session they have been assigned to).

2. Debate resolutions

The tournament will offer three types of debate.

Format	Abbreviation	Number of debaters per entry	Resolution
Policy	CX	2 ^(*)	2022-23 topic – <i>Resolved: The United States federal government should substantially increase its security cooperation with the North Atlantic Treaty Organization in one or more of the following areas: artificial intelligence, biotechnology, cybersecurity.</i>
Lincoln-Douglas	LD	1	VARSITY – 2022 September/October topic – <i>Resolved: The United States ought to implement a single-payer universal healthcare system.</i>
			NOVICE – The “modest novice” topic – <i>Resolved: Civil disobedience in a democracy is morally justified.</i>
Public Forum	PF	2 ^(*)	VARSITY 2022 September/October topic: <i>Resolved: The United States Federal Government should substantially increase its investment in high-speed rail.</i> NOVICE “Modest novice” topic – <i>Resolved: The United States should institute term limits on its Supreme Court Justices.</i>

(*) We discourage solo entries in paired debate events – i.e., PF and CX – but recognize that they are sometimes unavoidable. Note that although solo entries in CX or PF can participate in preliminary rounds, they may not break to elimination rounds (if any) and may not win team entry awards.

3. Who qualifies to debate in the novice division

All formats will have two divisions. Students who did not compete in debate in two or more interscholastic tournaments prior to the current academic year can compete in the Novice division.

4. Registering debaters

Register debaters on [Tabroom.com](https://tabroom.com).

5 Registering Judges

5.1 Judge qualifications

- Varsity division – All judges must be either: (a) have a high school degree, or (b) be age 19 or older and no longer be a high school student.
- Novice division – Any judge qualified to judge varsity may be registered to judge novice. In addition, current high school students who have competed in high school debate for two years prior to the current academic year and have participated in at least 8 tournaments can judge in the novice division.
- Judges in LD and CX must be (a) former high school or college debate competitors, (b) have prior tournament experience judging the event they will be registered to judge at this tournament, or (c) be trained prior to this tournament to judge these events.
- The tournament will use electronic balloting. *All judges must have accounts on Tabroom.com.* For more information on setting up accounts, see [here](#).
- We ask that all judges familiarize themselves with the use of online ballots by reviewing this documentation ([here](#)) or this video ([here](#) for PF and [here](#) for LD).

5.2 Number of judges owed

Schools must provide 1 judge for every 2 entries for each type of debate (CX, LD, or PF), at each level (varsity or novice), or fraction thereof. For example:

- A school with 4 varsity CX teams must provide 2 varsity CX judges.
- A school with 3 varsity PF teams and 1 novice PF team must provide 2 varsity PF judges and 1 novice PF judge.
- A school with 5 varsity PF teams and 2 varsity LD teams must provide 3 varsity PF judges and 1 varsity LD judge.
- Section 5.1 details the qualifications for judges in each division, at each level.

5.3 How long judges must be available

- Varsity PF – Schools must cover their obligation (Section 5.2) for all preliminary rounds, and for one elimination round past the last round in which they have any participating debaters. For example:
 - If no varsity PF debaters from a school clear to the first elimination round, that school's varsity PF judges are obligated to be available through the first elimination round only.
 - If one varsity PF team from a school clears to the first elimination round and then loses that round, the school's varsity PF judges are obligated to be available through the second elimination round.
- Other divisions – Judges must be available for all rounds on Saturday.

5.4 Penalties for missing judges

- If a school has a judge who must leave before the end of his or her obligation, that school must provide a qualified replacement, or be subject to a \$50 missing judge penalty.
- Unfortunately, the league has no hired judges for this tournament. Coaches should only register the number of students they can cover with their own judges.

9 Internet

- Internet usage must comply with rules specified in the MSDL Rules and Policies document, Section 3.3.3.6: “In round internet access in LD, Policy, PFD and Big Question debate events is permitted for research, retrieval and communication but not for communication with persons not actively judging or competing in that debate. Violation of communication rules will result in disqualification of the individuals involved. If a coach is in violation, it will also result in the notification of the principal/head of the associated school. Internet access is not guaranteed. A team that is unable to provide their evidence upon request is assumed not to have that evidence.”
- Each team will be allocated a bank of 10 minutes to resolve technical issues interfering a competitor’s participation in the round. After that time is elapsed, participation must continue. If one member of a two-person entry cannot participate due to technical problems, his or her teammate may continue to debate solo. Rules applicable to solo debaters in two-person events then apply (see Section 2).
