SDIVSL LEAGUE 2A PARLI PUBLIC FORUM INSTRUCTIONS

Debaters will time themselves. Judges are not expected or permitted to engage in the debate. In debate events, the students may ask you for your 'judging paradigm.' What they want to know is how you will judge the round. An example of a paradigm to tell the students is: "I'm a parent of a debater. Please make sure that you speak slowly and clearly, and don't use jargon you don't explain." Students must debate the side they are assigned (Pro or Con). These debates are Double-Flighted, meaning that you will judge 2 debates per round, one after the other. Mark the win for the 1st debate, then quickly move onto the second. If there are any concerns related to possible rule violations, do not try to decide the issue yourself. Let the round continue, make a note on your ballot, and speak to a tournament official after the round. You will mark a winning side for each debate, along with points in the range of 25-30 for the speaking/presentation quality of the debaters. **Do NOT tell them who won/lost or discuss the round.** The better speaker is not necessarily the winner of the debate - the winner of the debate is the side that had the better arguments and better refuted their opponent's arguments. If the winner of the debate has lower speaker points than their opponent, that is called a "low point win" and you will indicate such in the space provided. For ALL debates, your personal opinion/knowledge should NOT be a part of your decision. Remember, the students do not decide what to debate or what side they are on. The winner is the team/debater who defended their side the best.

We are all influenced by implicit bias, or the stereotypes that unconsciously affect our decisions. When judging, our implicit biases negatively impact students who are traditionally marginalized and disenfranchised. Before writing comments or making a decision, please take a moment to reflect on any biases that may impact your decision-making process.

AFF		
Spkr	BS 123 - Toth & Carlin	POINTS (25 - 30)
1 st	Dylan Carlin	28
2 nd	Devin Toth	28

NEG		
Spkr	BG 103 - Bergen & Olsen	POINTS (25 - 30)
2 nd	Jacob Bergen	28
1 st	Bryce Olsen	28

Winner: BG 103 debating on the NEG Low point win? NO
School/Team Side (Aff or Neg)

Comments & Reason for Decision:

One of the closest evenly match debates I have ever judged. Both sides were respectful, use good volume, pace and eye contact. Both teams had high & low point throughout debate. The edge was given to NEG on winning cross fire sections. Very close match

Point Scale:
25-30 (30 being the best in speaking quality)

Speech Times:
Public Forum Times:
Team A: 1st Speaker: Constructive Speech 4 min
Team B: 1st Speaker: Constructive Speech 4 min
Crossfire (between first speakers) 3 minutes

Public forum debate can be compared to a nationally-televised debate, such as 'Crossfire' in which the debaters argue a topic of national importance, typically one involving foreign or domestic policy, in terms that a "common" person would understand. The topics change each month. Some evidence will be used, and crossfire time is included.

Debaters MUST debate on their assigned side. **Public Forum**

AFF			NEG		
Spkr	BL 111 - Chen & Edmonds	POINTS (25 - 30)	Spkr	BF 106 - Buchanan & Olivarez	POINTS (25 - 30)
2	Kevin Chen	27	1	Sicily Buchanan	27
1	Evan Edmonds	27	2	Alyssa Olivarez	25

Winner: BL 111 - Chen & Edmonds debating on the Aff Side (Aff or Neg) Low point win? no
School/Team

Comments & Reason for Decision:

RFD - overall this was a close debate when it came to contentions and the type of arguments being presented. However, the Aff team presented arguments and evidence that had a larger impact to the population, while the neg team made important points but they were around smaller numbers of people or limited impact. Also, hanging the final focus on definitions and weighing mechanisms was a missed opportunity to make an impact. I would like to caution the neg team (BF106) on their handling of cross. Constant interruptions and cutting off your opponents while they are answering questions you asked is not the right approach to handling this specific part of the debate.

Public forum debate can be compared to a nationally-televised debate, such as 'Crossfire' in which the debaters argue a topic of national importance, typically one involving foreign or domestic policy, in terms that a "common" person would understand. The topics change each month. Some evidence will be used, and crossfire time is included. Debaters MUST debate on their assigned side. **Public Forum**

Proctor, Carmen
BS Carlsbad High School

SDIVSL LEAGUE 2A PARLI PUBLIC FORUM INSTRUCTIONS

Debaters will time themselves. Judges are not expected or permitted to engage in the debate.
In debate events, the students may ask you for your 'judging paradigm.' What they want to know is how you will judge the round. An example of a paradigm to tell the students is: "I'm a parent of a debater. Please make sure that you speak slowly and clearly, and don't use jargon you don't explain."
Students must debate the side they are assigned (Pro or Con).
These debates are Double-Flighted, meaning that you will judge 2 debates per round, one after the other. Mark the win for the 1st debate, then quickly move onto the second.
If there are any concerns related to possible rule violations, do not try to decide the issue yourself. Let the round continue, make a note on your ballot, and speak to a tournament official after the round.
You will mark a winning side for each debate, along with points in the range of 25-30 for the speaking/presentation quality of the debaters. Do NOT tell them who won/lost or discuss the round. The better speaker is not necessarily the winner of the debate - the winner of the debate is the side that had the better arguments and better refuted their opponent's arguments. If the winner of the debate has lower speaker points than their opponent, that is called a "low point win" and you will indicate such in the space provided.
For ALL debates, your personal opinion/knowledge should NOT be a part of your decision. Remember, the students do not decide what to debate or what side they are on. The winner is the team/debater who defended their side the best.

We are all influenced by implicit bias, or the stereotypes that unconsciously affect our decisions. When judging, our implicit biases negatively impact students who are traditionally marginalized and disenfranchised. Before writing comments or making a decision, please take a moment to reflect on any biases that may impact your decision-making process.

AFF		
Spkr	BL 115 - Sheu & Wu	POINTS (25 - 30)
1	Nathan Sheu	26
2	Elyssa Wu	27

NEG		
Spkr	CA 104 - Cociorva & Sun	POINTS (25 - 30)
1	Victor Cociorva	26
2	Haowen Sun	26

Winner: BL 115 - Sheu & Wu debating on the AFF Low point win? no
School/Team Side (Aff or Neg)

Comments & Reason for Decision:

RFD - Overall, BL115 stated contentions with clear evidence that was directly applicable to their arguments. CA104, by comparison, presented evidence that was generalized and without clear connection to HSR. The most impactful rebuttal was from BL115 where the cost of climate change was explained as higher than the cost of HSR buildout (which was a large point by CA104), ~~solidified~~ my decision to give BL115 the win.

AFF

Spkr	BL 110 - Foust & Kapusinski	POINTS (25-30)
2	Tessa Foust	30
1	Kate Kapusinski	26

NEG

Spkr	BS 124 - Ede & Stoney	POINTS (25-30)
2	Noa Ede	28
1	Bryce Stoney	26

Winner: Tessa Foust, Kate Kapusinski debating on the Aff. Low point win? affirmative
School/Team Side (Aff or Neg)

Comments & Reason for Decision:

→ bryce's goats were not well addressed on the Negation side.

→ Tessa and Kate were more on the saving human lives than saying animals

→ affirmative side positive with environment

→ high speed rail more tourism (have more positive affects)

Point Scale:

AFF		
Spkr	BS 110 - Adams & Bohle	POINTS (25 - 30)
2	Shae Adams	28.5 29
1	Madeline Bohle	28.8 29

NEG		
Spkr	BM 117 - Vargas & Roy	POINTS (25 - 30)
2	Amelia Roy	28.5 29
1	Joshua Vargas	27.5 27

Winner: BS 110 - Adams & Bohle debating on the AFF Low point win?
School/Team Side (Aff or Neg)

Comments & Reason for Decision:

The teams debated about their different frameworks: cost-benefit vs. equity. I am not convinced that equity should over-weigh the other. And the WWII German evidence does not appear to me as a good evidence because that to me is bad decision of certain people. ~~Instead~~

So, Neg team did not talk about Aff team's last contention.
