

## ***2023 Saints Classic Student Congress Final Round Topic Area and Motions***

*The topic area for the Final Round of Student Congress at the Saints Classic will be Energy and the Environment. The “bills” are phrased as World Schools Motions to be brought before the “House.”*

*#1 - Resolved: This House supports a windfall profits tax on oil and gas producers.*

*#2 - Resolved: This House supports a requirement that all automobiles made for sale in the United States be zero-emission by January 1, 2040.*

*#3 - Resolved: This House supports a substantial increase in funding for the research and development of fusion as an energy source.*

*#4 - Resolved: This House commits \$25 billion for foreign aid to promote climate change reduction efforts in developing countries.*

*#5 - Resolved: This House supports streamlining the licensing requirements for the construction of Small Modular Reactors in the United States.*

*#6 - Resolved: This House bans the use of hydraulic fracturing in the production of energy.*

*#7 - Resolved: This House supports a complete ban on oil and gas drilling on all federal lands.*
