

Dear Middle School Speech and Debate Enthusiasts,

We are thrilled to invite you to the CASLV Falcon MS Classi at Coral Academy of Science Las Vegas Sandy Ridge on Saturday, May 13th.

As we all know, middle school speech and debate is an essential part of building communication skills, confidence, and preparing students for high school. This tournament is a wonderful opportunity for your student to showcase their skills, learn from experienced judges, and connect with fellow competitors.

The tournament will be hosted in a friendly and professional environment, with a focus on creating a supportive and welcoming atmosphere for all participants. Students will have the opportunity to compete in Public Forum Debate, Original Oratory, and individual Interpretation Events.

We encourage all middle school speech and debate teams to attend and compete. This is an excellent chance to showcase your skills and represent your school at a prestigious tournament.
