Sweepstakes awards for 1st and 2nd place schools in both divisions awarded at the end of the contests. We will award top speaker and top science awards as well.

Speech & Debate:

Schools must provide judges according to the following formula:

LD Debate: 1 judge for every two competitors

CX Debate: 1 judge for every two teams

Extemp. and Interp.: 1 judge for every six competitors or portion thereof in extemp and interp. per school available for prelims and finals.

There is a \$200 judging fee as we do not have access to a large pool of judges. While we love the money, we prefer you bring the appropriate number of judges.
