

Registering for a Guest Account on the BYOD Network

Intended Audience: District Visitors

Guest wireless is accessible to all visitors to Fort Bend ISD campuses and facilities. Guests can register for a wireless account using the following procedures. ***Guest access is limited to a duration of 12 hours from the time that the account is activated.*** Note, guests will be subject to filtering on the internet that will restrict access to social media, internet video (Netflix, Hulu, Youtube, Vimeo, et al), and will block VPN to outside resources.

That process is outlined as follows:

Step 1: The Visitor will browse for wireless networks on their device and choose the “FBISD_BYOD” network.

Step 2: At the Login page choose the link (Click Here) on “*Or register for a guest access*”:

Join "FBISD_BYOD"

Registering for a Guest Account on the BYOD Network

Step 3: Fill out the information on the Registration page including email address. An email will be sent to this address with account details including username and password.

Step 4: Note the username and the simple password that is shown after registration is submitted. This page will disappear when you click on the “Sign On” button which will return you to the Welcome Page to sign in.

Step 5: Enter your new username and password, then check the “I agree to the terms and conditions” button to confirm that you understand FBISD BYOD usage terms.

Step 6: click the “Sign On” button.

The system will redirect the user’s browser to the Fort Bend ISD main web page once the login is successful.
