Item 1 – A Bill to Establish a National Program for the Reintroduction of Wolves to Restore Ecosystems

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

SECTION 1. A national program for the reintroduction of wolves is hereby established to restore ecosystems and balance wildlife populations.

SECTION 2. "Reintroduction of wolves" refers to the process of releasing wolves into areas where they have been extirpated to re-establish their populations.

SECTION 3. The U.S. Fish and Wildlife Service will oversee the implementation and management of this program.

- A. Suitable habitats will be identified for the reintroduction of wolves.
- B. Monitoring programs will be established to track the health and impact of reintroduced wolf populations.
- C. Grants will be provided to support local communities and mitigate potential conflicts with livestock.

SECTION 4. This legislation will take effect on July 1, 2025. All laws in conflict with this legislation are hereby declared null and void.

Item 2 - A Bill to Implement a National Ban on the Sale of Exotic Pets to Protect Native Ecosystems

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

SECTION 1. The sale of exotic pets is hereby banned to protect native ecosystems and prevent the spread of invasive species.

SECTION 2. "Exotic pets" are defined as non-native animals that are not typically domesticated and are kept as pets.

SECTION 3. The U.S. Fish and Wildlife Service will oversee the enforcement of this ban.

A. Pet stores and online platforms must cease the sale of exotic pets.

B. Violations will result in fines up to \$25,000 per incident.

C. Exceptions will be made for licensed wildlife sanctuaries and research institutions.

SECTION 1. This legislation will take effect on July 1, 2025. All laws in conflict with this legislation are hereby declared null and void.

Item 3 - A Resolution to Implement a National Program for the Regulation of Autonomous Weapon Systems to Ensure Ethical Use

WHEREAS, The development and deployment of autonomous weapon systems (AWS) raise significant ethical and legal concerns; and

WHEREAS, AWS have the potential to operate without human intervention, leading to questions about accountability and decision-making in warfare; and

WHEREAS, The lack of regulation on AWS could result in unintended consequences and misuse; and

WHEREAS, Establishing a regulatory framework could ensure the ethical use and oversight of AWS; now, therefore, be it

RESOLVED, That the Congress here assembled encourages the implementation of a national program for the regulation of autonomous weapon systems to ensure their ethical use and accountability; and, be it

FURTHER RESOLVED, That the Department of Defense will oversee the development and enforcement of regulations for AWS.
