

1. Should the NFL do more to address the long-term effects of concussions on players?
2. Is Major League Baseball doing enough to prevent the use of performance-enhancing drugs?
3. Should fighting be banned in professional hockey?
4. Does the NBA's salary cap create a fairer league or limit player earnings unfairly?
5. Should college football players be allowed to enter the NFL draft earlier?
6. Is it fair for MLB teams to have no salary cap, giving wealthier teams an advantage?
7. Should the NHL change its rules to increase scoring and make the game more entertaining?
8. Do NBA "super teams" created by star players signing together hurt competitive balance?
9. Should professional athletes be punished for expressing political views during games?
10. Is the NFL's overtime rule fair, or should both teams always get a possession?
