

Parking Information - Starr's Mill High School - Novice Speech & Debate Tournament (25-26)

- Starr's Mill High School is in back of the South Complex, past People's Elementary and Rising Starr Middle School. Please do not park or enter those buildings. SMHS Address: 193 Panther Path, Fayetteville, GA 30215
- The South Complex has a big loop road (Panther Path that circles all three schools) and is accessible by either entering in through Redwine Road or Highway 74 (Joel Cowen Parkway). If you enter through Highway 74 (Joel Cowen Parkway), be prepared to circle Panther Path around the back of all three schools and through the back parking lot to get to the front of Starr's Mill High School.
- The shortest and least confusing route to the front of the school is to turn left on Highway 74 (if you're traveling from the north which most schools are) and turn onto Panther Path through Redwine Road.
- If you get lost, contact Terence Fitzgerald: 770-634-6914.

Front of School Parking

- Feel free to park anywhere in the front lot and walk in through the front entrance of Starr's Mill High School where we will direct you to registration or/and the cafeteria.
- Do not park buses or cars in the front car loop.

Back of School Parking

- You can also park in the Back Parking Lot and enter through the middle (Hall 700) entrance where you'll be directed down the hall towards the registration/cafeateria.
- This parking lot has a lot more space so if we overflow the front, come around toward the back of school.

Make sure you type Starr's Mill High School and not just Starr's Mill into your GPS. There is an actual mill named Starr's Mill a couple miles down the road. While pretty, there won't be any debates hosted here.
