

# A Bill to Subsidize Accessible Infrastructure

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

- 1   **SECTION 1.**   An additional 600 million dollars annually shall be allocated to maintain
- 2                   and establish accessible infrastructure across the United States.
- 3   **SECTION 2.**   Accessible infrastructure is defined as infrastructure built and designed to
- 4                   be used by all individuals, regardless of physical or mental ability.
- 5   **SECTION 3.**   The U.S. Access Board will be tasked with the allocation of funds
- 6                   A. The U.S. Access Board will create a system to receive requests for funds
- 7                   and will distribute funds based on need.
- 8                   B. 600 million dollars annually will be reallocated from the Department of
- 9                   War
- 10                  C. The U.S. Access Board will be advised to take consideration to allocate
- 11                  funds equally between rural and urban requests.
- 12   **SECTION 4.**   This legislation will take effect on January 1, 2027. All laws in conflict with
- this legislation will be declared null and void.
