

MHCHS Classical Challenge - 6 December 2025

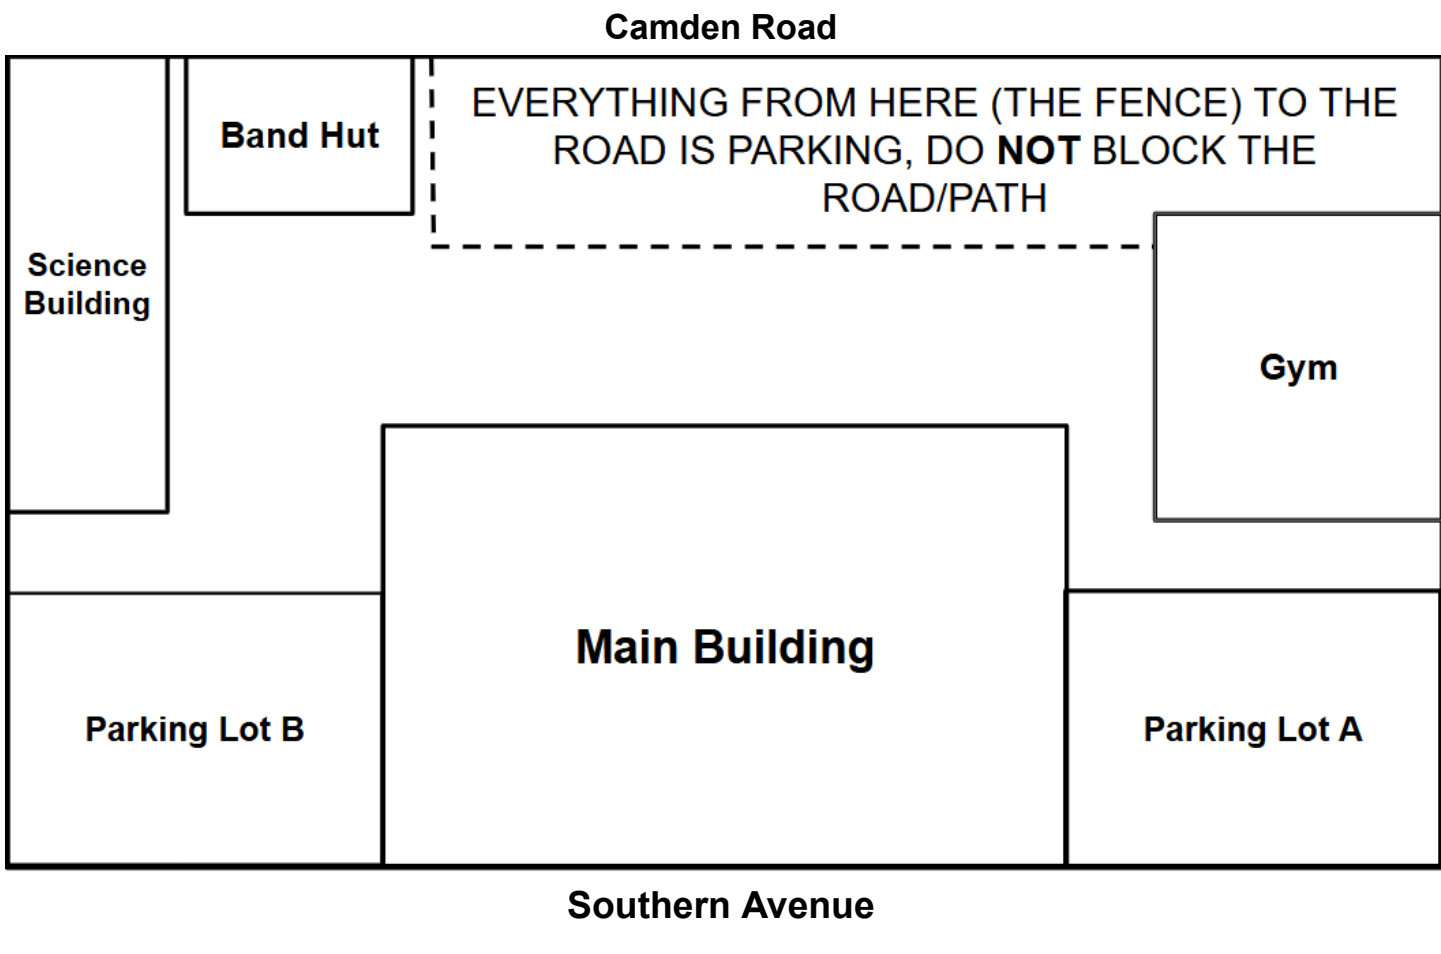

We look forward to welcoming you on Saturday! This is a living document, so updates will appear here over the next few days. If you have questions about anything herein or not yet herein, please let me know.

Arrival Information + Parking

We will be ready to welcome you from 7:45AM on Saturday morning. All staff and students must pass through the weapons detection machines before entering the building. In order to simplify the process, please remove any items that contain concentrated metal from your bags and hand them to a staff member. This includes easels, laptops, umbrellas, hard glasses cases, three ring binders, large scissors, etc. . Once these items are removed and placed in a tray for quick inspection you will simply walk through the detector.

The main entry point will be on the ground floor accessible from parking lot A. Massey Hill students will be available to provide directions as needed.

Parking in lots A &B is accessible from Southern Avenue; the overflow lot is accessible from Camden Road or Southern Avenue. Student drop-off will be in Parking Lot A, near the main entry point of the building.

Judge Lounge + Tab Room

We will make judges welcome in the media center on the second floor (or first floor if accessed via the elevator). The Tab room will be adjacent to the media center in the conference room (or at a back table.)

Student Lounge

The Student Lounge will be located in the cafeteria on the ground floor. Concessions will be cash-only. We ask that competitors refrain from ordering doordash and other delivery services. We should finish the day in plenty of time for students to make their own choices for dinner after awards.

Building Notes & Expectations

Our building has had many lives and modifications over its 100 years, so some things which seem direct (like stairwells) can be occasionally confusing. (Yes, you do have to go outside to access the stairs/hallway on the third floor.) We will do our best to anticipate these with signs, maps, and helpful people.

Since our teachers have been gracious enough to share space with us, we do ask that judges and competitors respect the materials and furniture in the rooms and that people sitting at our teachers' desks put everything back as it was.

Elevator/accessibility

An elevator is available near the main entry point. We ask that students refrain from using the elevator unless needed. It also utilizes a Continental form of floor labeling, so the ground floor in the elevator is what we would call the first floor and the second floor in the elevator is what we would call the third floor.
