### Prospective College Debaters:

The Dartmouth Forensic Union enjoys a long history of competitive success and academic excellence. The College, and a strong network of alumni, support debate generously. We offer the chance to incoming debaters to immediately travel to national tournaments and debate against the best competition. This year, first year students will travel to Kentucky, Harvard, Wake Forest, the West Coast Swing, Texas, and CEDA Nationals. Those who qualify will attend the NDT.

Dartmouth has qualified for the NDT 61 years and won the NDT six times. The team also has 5 2<sup>nd</sup> place NDT finishes as well as 15 CEDA and NDT semifinalists. In the past 35 years, Dartmouth qualified 40 teams as First Round Bids to the NDT. The academic and professional accomplishments of DFU alumni include top law schools and graduate programs, executive positions in a variety of industries, high-level government service and policy work, and faculty positions at Northwestern, Harvard, Duke, and Yale, among many others.

I joined the DFU as the Director of Debate this year. As a DFU alumnus from the class of 2003, and assistant coach from 2003-2009, I am deeply committed to the success and sustainability of our program. We aim for a future as successful and exciting as our impressive past. I am eager to answer questions about student and academic life at Dartmouth.

The DFU welcomes debaters of all experience levels. Dartmouth's First Round teams have included students from a diverse set of programs, ranging from historically large high school programs to regional teams. Our debate office is a place for students to learn from each other. Located next to the dining hall, student center, and campus green, the office presents many opportunities for debate, academic, and social encounters.

Dartmouth Debate is committed to a team culture that engages the full range of argumentative types of and styles. Our coaching staff aims to improve research, understanding, and performance in all areas. We believe that all arguments deserve careful listening, research, and response. Team meetings and research strategies reflect student input and direction. This year's coaching staff includes individuals who have coached CEDA champions, NDT finalists, and multiple First Round NDT teams.

Dartmouth College is recognized as a national leader in commitment to undergraduate education. Nearly all classes at Dartmouth are taught in a seminar fashion by professors dedicated to undergraduate teaching. Though Dartmouth's Ivy League affiliation precludes any debate scholarships, admissions to Dartmouth are need-blind. For families with typical assets earning less than \$100,000 the College fully covers tuition costs.

I wish you the best of luck competing this weekend. Please do not hesitate to contact me regarding questions about the DFU or Dartmouth. My email is [john.cameron.turner@dartmouth.edu](mailto:john.cameron.turner@dartmouth.edu).

Good luck,

John Turner

Dear Prospective Debaters:

The University of Kansas has a long history of success in college debate as a top NDT/CEDA program, and we encourage anyone interested in continuing their debate career in college to consider KU as an option for developing their skills and reaching their full potential as a debater.

On average we travel to 8-10 invitational tournaments a year, including: UMKC, Kentucky, Harvard, Wake Forest, Northwestern, and University of Texas, Dallas to name a few. In addition, all teams are given the opportunity to attend CEDA Nationals in the spring, and those that qualify attend the NDT. If you want to be a part of our team, we guarantee that we will travel you to tournaments.

Kansas has seen a lot of success in recent years: second-place at CEDA (2008, 2015) winning the NDT (2009), Ranked 5<sup>th</sup> in the Copeland Race (2012), and qualifying at least one team to the NDT for 49 consecutive years. With our growing squad, we expect to see that success continue in the years to come.

The Jayhawks are also a family: we support each other and work hard. I encourage you to “Friend” our Facebook account: Kansas Debate, to see what we have been up to this season, and get a feel for our debaters and coaches. We debate a wide variety of approaches, and no matter your style, you are welcome as a part of our team.

In addition to our success at debate, other distinctions our university can point to include: a top ten college newspaper, highly competitive architecture program, top ranked study abroad program in the country, and a top ten honors program. Prospective students will find 137 different possible degree programs to choose from at the University of Kansas, including: Communication Studies, Business, Journalism, Political Science, and more. KU also offers smaller classes sizes (20 or fewer students) that give students more opportunities to work one-on-one with their professors.

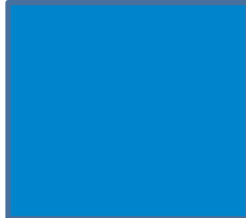

We hope you will consider KU in search for a program that suits your needs for college and debate. If you have any questions at all, please feel free to contact me: [sharris@ku.edu](mailto:sharris@ku.edu).

I would like to thank Tim Mahoney for this opportunity and wish good luck to all the 2015 St. Mark's School of Texas Heart of Texas Invitational Speech and Debate Tournament participants.

The University of Michigan consistently ranks among the very best universities in the country and world. According to U.S. News & World Report, Michigan is the seventeenth best University in the world and one of the top five public schools in the United States. Michigan also hosts numerous top ten graduate programs, including their renowned law and business schools. There are approximately 25,000 undergraduate students at Michigan. Students from all 50 states and more than 100 foreign countries contribute to a culturally and ethnically diverse campus community.

The University of Michigan Intercollegiate Debating Team was one of the nation's first intercollegiate forensics teams, founded in 1903. For over a hundred years, the Debate Team has excelled in teaching critical thinking skills and persuasive communication techniques.

### **When should I apply to Michigan?**

Michigan is already accepting applications. The earlier you apply, the better your chances are. Michigan is using the Common Application again this year. Further information can be found here- <http://admissions.umich.edu/apply/>

I strongly encourage you to apply via Early Action to Michigan. It's completely non-binding and if you apply by November 1, you are guaranteed a decision by December 24. If you don't apply by November 1, you may not receive a decision until April. If you don't receive a decision by December 24, it's difficult or impossible to seriously be considered for merit-based scholarships and gain admittance to the UM Honors Program. Further information about Early Action can be found here- <http://admissions.umich.edu/apply/freshmen-applicants/requirements-deadlines>

### **Does Debate help you with the Admissions process at Michigan?**

I often meet and talk with the Senior Associate Director of Admissions. I have a good relationship with the Admissions Office and they are supportive of the goals of the UM Debate Program. Debate won't get you accepted to Michigan if your grades and scores are way outside our normal range. If your grades and scores are within our range and your Admissions decision could go either way, debate could be the thing that puts you over the top. I cannot help you with Admissions if you don't apply by November 1.

### **Am I eligible for any merit-based or debate scholarships at Michigan?**

The Shipman Scholars program provides merit scholarships for talented prospective undergraduate students admitted to the University of Michigan. Prospective students of high academic achievement who have been admitted as first year undergraduates will be nominated for consideration through the Admissions process. Academic achievement will be determined on the basis of a set standard of high school grade point average and SAT/ACT test scores. Exceptional talent in the arts and sciences will also be considered in the nomination process. The award value of the scholarship is approximately \$80,000. 15 Shipman Scholarships will be awarded annually. Prospective nominees must be admitted to UM no later than January 15. Recipients will be notified by March 30. Further information can be found here- <http://www.umich.edu/~shipsoc/>

The Stamps Scholarship program provides merit scholarships for the brightest and most outstanding undergraduate students admitted to the College of Literature, Science, and the Arts and other UM schools and colleges. Prospective students of high academic achievement, who has been admitted as first-year undergraduates, will be nominated for consideration through the admissions process. Academic achievement will be determined on the basis of a set standard of high school point average and SAT/ACT scores. Exceptional talent in the arts and sciences will also be considered in the nomination process. The LSA Stamps Scholarship for non-residents consists of \$20,000 annual award (\$10,000 provided by the Stamps Scholarship Fund and an additional \$10,000 LSA Dean's Scholarship), renewable for four years of undergraduate study. For Michigan residents awarded the LSA Stamps Scholarship, \$12,500 (\$10,000 provided by the Stamps Scholarship Fund and a \$2,500 LSA Dean's Scholarship) will be awarded annually and is renewable for four years of undergraduate study. Further information can be found here- [http://www.finaid.umich.edu/media/pdf\\_scholarships\\_autogen/StampsInfo.pdf](http://www.finaid.umich.edu/media/pdf_scholarships_autogen/StampsInfo.pdf)

For the first time ever in 2011, UM Debate alums awarded two four-year renewable merit scholarships to incoming debaters. UM Debate alums have awarded several additional scholarships in the past several years. In 2014 we received an endowed scholarship gift from a debate alum to be awarded to an incoming debater that participated in the National Association for Urban Debate Leagues. Further information about these alumni scholarships can be found here- <http://www.giving.umich.edu/opportunities/index.php?page=supporting-students-debate&tr=y&auid=8780503>

### Texas Tech Forensics

Texas Tech University is home to one of the most successful debate programs in the country. TTU Forensics is one of the oldest programs on campus and has established a legacy of excellence that mirrors the lofty goals and expectations the University has set for itself. The debate program has produced three national championships in the past decade: two NPDA National Championships (2008 and 2010) and an NPTE top-speaker (2010). The program has placed numerous teams in top 5 finishes at nationals and is generally regarded as a year-in, year-out powerhouse.

The debate program is focused on parliamentary debate. The unique aspects of parliamentary debate demonstrate the values of TTU as an institution. In our format, debaters are expected to have a well-rounded skill set that appeals to both argument-centric and audience-centric forms of argumentation. The topic changes every round and covers diverse issues. Success in parli requires students to have a deep understanding of politics, current events, modern philosophy, and other elements endemic to a liberal arts education.

A unique aspect of the program vision at TTU is the utilization of university resources to achieve our competitive goals. We ask students to ground the ideas and arguments they encounter throughout their educational experience in debate rounds. This allows debate to serve as a laboratory for testing real ideas about the world. We hope to produce well-rounded individuals who possess a deep understanding of the world and unwavering commitment to improving it for the better.

Texas Tech University is located in Lubbock, Texas. With an enrollment of more than 29,000 undergraduates, we are one of the largest institutions in the state of Texas. Our campus brings together all the elements of a fantastic college experience; a top-tier football program, numerous student organizations, substantial investments in innovative technology and resources, and many of the top-ranked professors in their fields. TTU is dedicated to constantly growing in creative and dynamic ways that meet the needs of students in the modern world.

We invite you and your students to learn more about the Texas Tech University debate program. There are many opportunities in our program available to students who wish to pursue excellence.

## Tim's Top Ten Restaurants

If you came to visit me, which I guess you are ☺, these are the places I'd be likely to take you. All of the recommendations that include a note that the restaurant won a "Best of..." award are a reference to the Dallas Observer yearly poll. The Observer is Dallas's answer to the Village Voice. You will see them around town and I suggest picking one up. It's a weekly newspaper with dining and entertainment guides. You can also visit their website at: <http://www.dallasobserver.com/> They are a great resource for what is going on in Dallas. You can go directly to their best of restaurants section here: <http://www.dallasobserver.com/bestof/>

Another great source of information both for restaurant reviews or for information on activities in Dallas is: <http://www.guidelive.com/>

Ok, I cheated and didn't stop at ten but there were some places that I just couldn't leave out. Don't cheat yourself - read through the whole list before picking. Café Izmir at the bottom of the list is an amazing Mediterranean restaurant.

Yahoo directions to each of the places listed below are at the bottom of this document.

\$ under \$10 per person  
\$\$ \$10-\$20 per person  
\$\$\$ \$20-\$30 per person  
\$\$\$\$ \$30-\$50 per person  
\$\$\$\$\$ more than \$50 per person

**\$\$ Lockhart BBQ** <http://www.lockhartsmokehouse.com/> 400 West Davis, Dallas, TX 75208 214-944-5521 or 1026 East 15th Street Plano, TX 75074

Brisket is amazing. This place makes X amount of bbq and when it's gone, it's gone.

**\$\$ Hard 8 BBQ** <http://www.hardeightbbq.com/> 688 Freeport Pkwy, Coppell, TX 75019 (972) 471-5462

There is a bigger diversity of food than you find at Lockhart and they might run out of one or two things but will have plenty of awesome food when you go there.

**\$\$ Love and War in Texas** <http://www.loveandwarintexas.com/> 601 E. Plano Pkwy Plano 972-422-6201

For me Love and War is the quintessential Texas restaurant. If I could only take you to one place during your visit then this is where we would go. Their claim to fame is taking you on a taste tour of Texas by offering items from several different regions of Texas: the gulf coast, the hill country, etc. They have live Americana music several nights a week. This place just feels like Texas to me and I love it.

**\$\$ Babe's Chicken Dinner House** 104 North Oak Roanoke, TX (817) 491-2900, and 1006 W. Main St. Carrollton, TX (972) 245-7773

Another place that represents what good Texas food is all about. The original Babe's is located in an old farmhouse. There isn't a menu. You can either have fried chicken or chicken fried steak. No choice in sides. They just bring them out to you, as much of them as you want. Prepare yourself for a full sized meal: salad, green beans, biscuits, mashed potatoes and gravy. If you get the chicken you get half a chicken and if you get the chicken fried steak it covers a plate. Word on the street is that they have great desserts. I've never made it that far. If you are eliminated early it's worth a trip to the Babe's in Roanoke. If you don't have time for that trip or if you have a big group, some of whom aren't happy with only two choices then go to the Babe's in Carrollton. Same basic deal but more entrée choices and much closer than the Babe's in Roanoke. Either way, you will get down home cooking at fair prices.

**\$\$ Breadwinners** <http://www.breadwinnerscafe.com/> 3301 McKinney Ave Dallas 214-754-4940

If I could only take you to one place during your visit and it was before 11 am this is where we would go. Everything I've ever had here is awesome but if you prefer dessert to breakfast try the stuffed French toast.

**\$\$ Snuffers** <http://www.snuffers.com/> 8411 Preston Rd. Dallas 214.265.9911

The place I'd take you if you wanted a great burger. They also consistently win the competition for best cheese fries in Dallas. Not a place to take the vegetarians.

**\$\$ Café Brazil** <http://www.cafebrazil.com/> 6420 N Central Expy Dallas 214-691-7791

If you were a vegetarian this is where I would take you. It has the feel of a place that vegetarians would like. I wouldn't know for sure since I don't eat vegetables. So if you are a strict vegetarian you might want to click on the web link and check out the actual menu. This place also tops the "Where to go after 10 pm" list. Diverse menu and open 24 hours. Speed of service will vary depending on how late you go but the food is consistently great. Winner of "Best Late Night Restaurant" in Dallas.

**\$\$ Louie's** 1839 N Henderson Ave Dallas (214) 826-0505

Supposedly everything on the menu in this dive bar is great. I wouldn't know. I go here for the pizza. I have a friend who used to waitress here and she says the steaks are great. Steaks in a bar, sounds dicey to me, but she swears by them. Either way it's by far my favorite pizza, EVER.

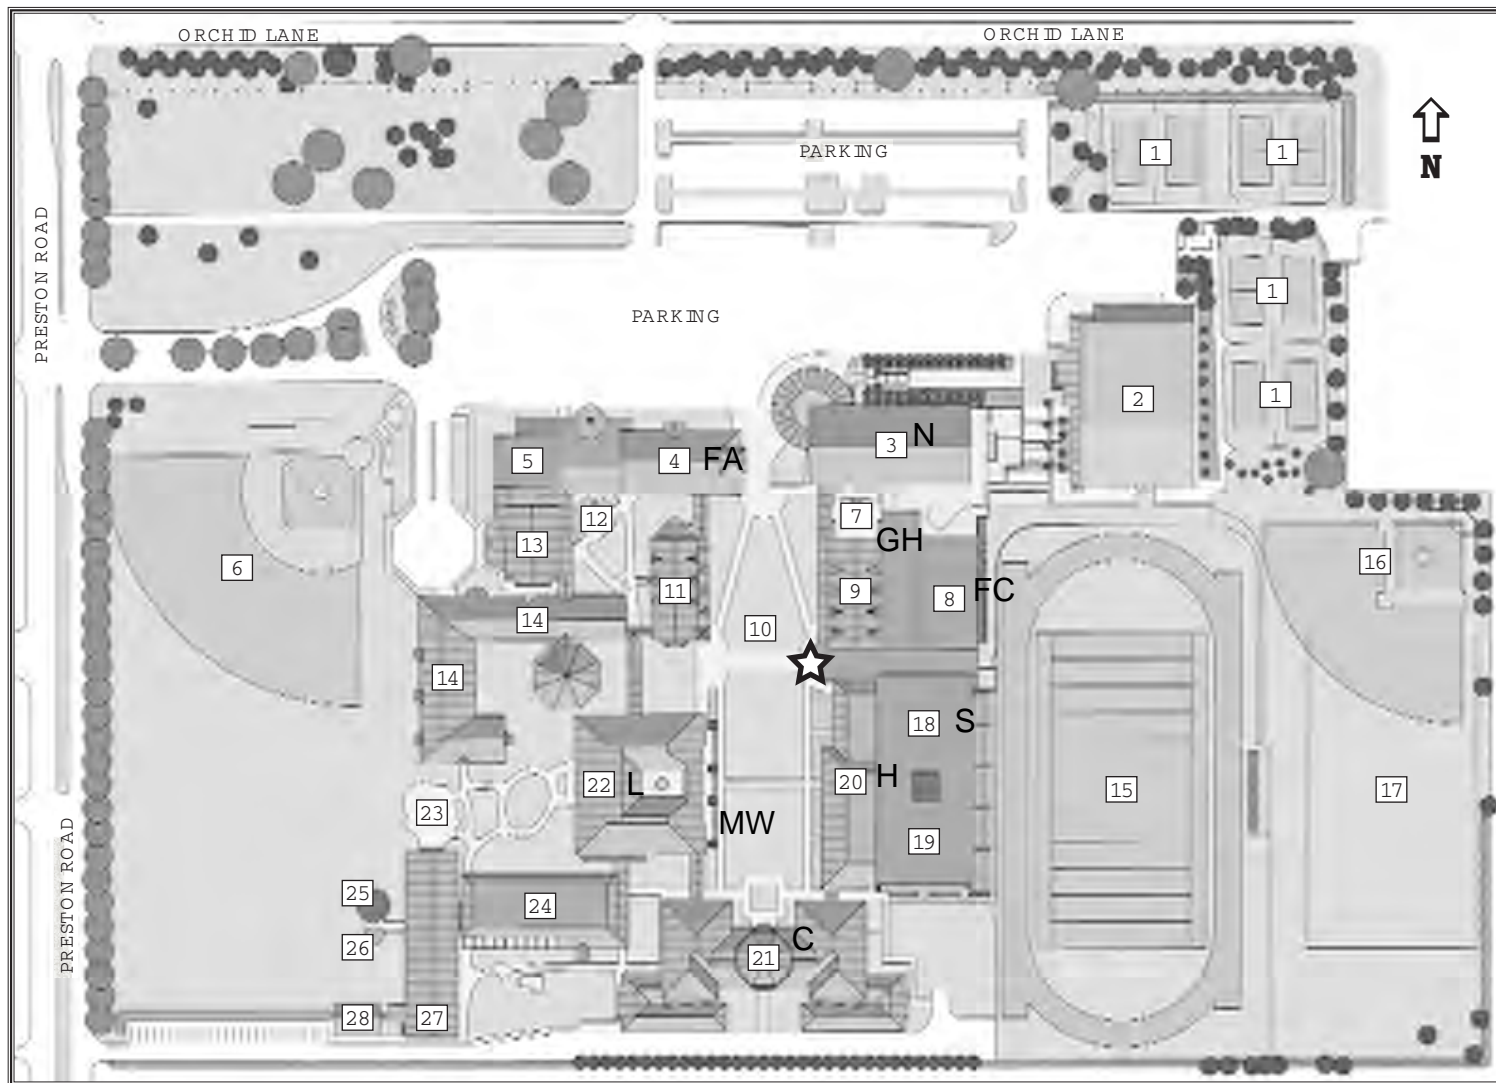

**\$\$ Desperado's** 4818 Greenville Ave Dallas (214) 363-1850

Ok, picking favorites in Dallas among Mexican food and barbeque places is likely to start fights and since gun control hasn't really caught on escalation is a real possibility. Despite this, I feel compelled to recommend Desperado's. There are tons of great Mexican places in Dallas and you can stop at about any of them and feel confident about getting a decent meal. The bad ones don't last long here. Having said that, the Desperado Taco's are really, really good.

**\$\$ India Palace** 12817 Preston Rd # 105 Dallas (972) 392-0190

**\$\$ Café Izmir** <http://www.izmirgroup.com/cafe.htm> 3711 Greenville Ave. 214-826-7788

Fabulous Middle Eastern tapas place. Great food that will make both the meat eaters, and the vegetarians happy.
