Round 1 & 2 - This House Supports cashless economies

Info Slide: a cashless economy is a system where nearly all transactions are conducted using digital methods, such as debit/credit cards, mobile wallets, electronic transfers, and online banking, rather than physical money like banknotes and coins

Round 5: This House Opposes the prevalence of digital Democracy.

Info Slide: In the context of this debate, digital democracy is a concept of democracy in which most political processes (e.g., policymaking, political engagement, etc.) are integrated with technology platforms.
