

Scottsdale Prep Congressional Debate Docket 2026

In the interest of getting a docket to teams to start researching early, we closed legislation submissions. Instead, we wrote or borrowed past legislation from the NSDA and other national circuit tournaments. Each bill is open for sponsorship (first affirmative), as there are no authorships. In an attempt to be more welcoming to teams trying Congressional Debate for the first time, we have made this year's docket smaller and assigned specific legislation to specific sessions of debate (note: most tournaments do not do this). We hope this makes it easier to conduct in-depth research and minimize wasted effort. We also hope that this makes it easier for small teams to know what to expect, rather than get left out of conversations in the weeks leading up to the tournament. Each chamber can decide the order of the three bills set for a session, and will likely end up debating 2-3 of the items in each session. Assigning legislation to sessions also limits judges' ability to see any debate on a topic in one chamber before, unfortunately, judging it again in another chamber that might have adopted a different prelim order.

Morning Prelim Session Bills: Congressional Debaters will caucus and vote for a docket order for debate during the Morning Session. No legislation will be carried over from the morning to the afternoon session.

___ **A** - The Puerto Rico, Guam, and Columbia State Admission Act

___ **B** - A Bill to Promote Organ Donation

___ **C** - A Bill to Remove the Social Security Payroll Tax Cap

Afternoon Prelim Session Bills: Congressional Debaters will caucus and vote for a docket order for debate during the Afternoon Session. No legislation will be carried over from the morning session, or to finals.

___ **D** - A Bill to Reinstate the Fairness Doctrine

___ **E** - A Bill to Reduce the U.S. Military Presence in Okinawa

___ **F** - A Bill to Ban Unpaid Internships

Finals Round Legislation: Congressional Debaters who advance to the Finals Round will caucus and vote for a docket order for debate during the Finals Session. In previous years, there has been insufficient time to debate 3 Final Bills, so we will restrict debate to 2 bills this year to reduce wasted research and help smaller teams.
