Does the material presented enrich the audience? Is it meaningful, relevant, and consistent with the purpose of this forensic event?

• I loved the connection and how you went back to it at the end

• nice job incorporating the topic into current world affairs

advice - maybe the whole refugee thing should be one of your points, attempt

on adding different points about the country like culture

• Overall, it was easy enough to follow but sometimes difficult since you spoke of several details

• Your voice was very clear & added on to your speech very well

• Physically - I think next time you can try not to shift in place, maintain a confident position

- move around more, don't stay in one place the whole time

- do not make unnecessary gestures that can distract audience

• Overall, AWESOME job!

elaborate more on why it is a good country
unique
