

It's a game changer.

You've never seen anything like it. Meet the new infield conditioner designed to last longer, reduce dust and water usage, stay beautiful baseball red and provide better, safer playability – all using 50% less product than you use today.

BallGame Changer™ benefits include:

- KT3®, a surface technology that changes how the product interacts with water. Fields stay softer, better looking and more stable for better traction.
- Keeps your infield moist, but not muddy.
- Gives you improved playability and reduced maintenance.
- Reduced infield dust. Reduced water usage. Better water absorption.

"Our field remained moist for a longer period of time, and we are using less water! The field looks great and is easy to work with."

- Cesar Carbajal, team leader, USC Baseball

"BallGame Changer is awesome."

- Marty Wallace, Jackson General's
(Double A Affiliate of the Seattle Mariners)
