The information requested typically includes name, telephone number email and mailing address, and for surveys, the information is used to monitor or improve the use and satisfaction of Taunton Applications. For contests and sweepstakes, your information may be used to notify contest winners, award prizes, and report winners' information as required by law.

There is no expectation of privacy when participating on the Communication Services to protect the integrity of Taunton Applications and meet our obligations under applicable laws. If you post content, such as messages, photos, and videos, personally identifiable information contained in such content is accessible to registered users or visitors to that Taunton Application or Communication Service, and we have no control over how those users may use your personally identifiable information. We have the right, but not the obligation, to monitor activity and content associated with the Communication Services. We reserve the right to take action in connection with content we deem inappropriate. Review our Terms of Use for more information regarding your use of these areas.

**Information Collected for Commercial and/or Business Purposes** In addition to personally identifiable information or other information you submit to us, we and our third-party service providers may use technologies that automatically (or passively) collect information when you visit or interact with Taunton Applications (“Usage Information”). This may include your browser, the URL that referred you to Taunton Applications, the areas within Taunton Applications that you visit, and the time of day, among other information. We may use this Usage Information for a variety of purposes, including enhancing or improving Taunton Applications. We also collect your IP address or other unique identifier (“Device Identifier”) of your computer or other device used to access Taunton Applications (any, a “Device”). A Device Identifier is a number that is automatically assigned to the device used to access Taunton Applications, and our computers identify your device by its Device Identifier. Whenever your Usage Information or Device Identifier is associated with your personal information (for instance, when we also receive your email address), we will treat it as personally identifiable information. A few of the tracking technologies that may be used to collect Usage Information include, without limitation, the following:
Cookies. A cookie is a data file placed on a Device when it is used to visit the Site. Cookies may be used to remember you and your preferences and track your visits to our web pages, or to collect information for record keeping and make it easier to navigate the Site. Cookies are stored on users’ hard drives. We use both “session ID cookies” and “persistent cookies.” Session ID cookies are used to store information while a user is logged into the Site and expire when the user closes his/her browser. Persistent cookies are used to make tasks like logging into the Site easier for returning users by remembering a user’s login information. Persistent cookies stay on a user’s hard drive from one session to the next. You can choose to have your computer warn you each time a persistent or session cookie is being sent, or you can choose to turn off such cookies through your browser settings. Each browser is a little different, so look at your browser Help menu to learn the correct way to modify your cookies.

We use cookies to enable functions on our website, personalize content and ads, provide social media features, and analyze our website traffic. We also share information about your use of our website with third party social media, advertising, and analytics organizations that may combine it with other information that you’ve provided to them or that they’ve collected from your use of their services.

Cookies we use fall into the following categories:

**Essential Cookies.** These help make our websites usable by enabling basic functions like page navigation and access to secure areas of the website. The website cannot function properly without these cookies.

**Advertising Cookies.** These allow us to know whether or not you’ve seen an advertisement or a type of advertisement, and how long it is since you’ve seen it. We also use cookies for the purposes of targeted advertising. We may use cookies set by a third party so we can more accurately target advertising to you. For example, we may show an advertisement about woodworking tools if you have recently visited the tool section of our woodworking site. These cookies are anonymous – they store information about what you are looking at on our site, but not who you are.

Some of the advertisements you see on our websites are provided by third party organizations. Some of these organizations use their own anonymous cookies to track how many people have seen a particular ad, or to track how many people have seen it more than once. The companies that generate these cookies have their own privacy policies, which we do not have access to. These organizations may use their cookies to anonymously target advertising to you on other websites, based on your visit to Taunton websites.

Social networking cookies are used to enable you to share pages and content that you find interesting on our websites through third party social networking and other websites. These cookies may also be used for advertising purposes.

**Analytics Cookies.** These help us track site metrics and user behavior behind the scenes to improve and optimize our sites. This data includes information about what pages were visited, what links were clicked, what terms were searched for, and provides information on the success of our marketing campaigns. This data is used to help determine how our websites can be customized to provide a better user experience. All of the information these cookies collect is anonymous and is only used to improve how our website works.
Most web browsers allow some control of most cookies through the browser settings. To find out more about cookies, including how to see what cookies have been set, visit www.aboutcookies.org or www.allaboutcookies.org.

**Web Beacons.** Small graphic images or other web programming code called web beacons (also known as “1×1 GIFs” or “clear GIFs”) may be included in our web pages and messages. Web beacons may be invisible to you, but any electronic image or other web programming code inserted into a web page or e-mail can act as a web beacon. Web beacons or similar technologies may be used for a number of purposes, including, without limitation, to count visitors to our Sites, monitor how users navigate the Sites, count how many e-mails that were sent were actually opened, or count how many particular articles or links were actually viewed.

**Embedded Script.** An embedded script is programming code that is designed to collect information about your interactions with Taunton Applications, such as the links you click on. The code is temporarily downloaded onto your Device from our web server or a third-party service provider, is active only while you are connected to the Sites, and is deactivated or deleted thereafter.

**Information You Provide About a Third Party**

If you communicate with someone else from a Taunton Application, such as send an invitation to a friend, the information you provide about the other person (name, e-mail address, etc.) is used to facilitate the communication and not for any marketing purpose, unless we obtain consent from that person, or we explicitly say otherwise. If that person becomes a subscriber to our publications, his/her information will be treated in the same manner as all other subscribers. When you use any send-to-a-friend functionality on Taunton Applications, your e-mail address may be included in the communication sent to your friend.

**Information We Collect From Third Parties**

We may acquire information from other trusted sources to update or supplement the information you provided or that we collected automatically, such as to validate or update your address or other demographic and lifestyle information. We use this to help us maintain the accuracy of information we collect, to target our communications so that we can inform you of products, services and offers that may be of interest, and for internal business analysis or other business purposes.
Third-Party Analytics Technologies We use third-party analytics and other tools to better understand who is using Taunton Applications, how people are using Taunton Applications, and how to improve the effectiveness of Taunton Applications, and to help us serve targeted content. Those third-party companies may use cookies, pixel tags, or other technologies to collect and store anonymous information such as time of visit, pages visited, time spent on each page of the Taunton Applications, Device Identifiers, type of operating system and browser used, and other web sites you may have visited.

**Third-Party Advertising**

We use third-party ad servers and ad networks to serve advertisements when you visit the Sites. These companies, and the advertisers themselves, may use information about your visits on our Sites and other websites in order to provide advertisements about goods and services of interest to you. While serving advertisements to our Sites, these third-party ad servers or ad networks use technology to send, directly to your Device, the advertisements and links that appear on the Sites. They automatically receive your Device Identifier when this happens. They may also use tracking technologies to measure the effectiveness of their advertisements and to personalize the advertising content. This Privacy Policy does not apply to, and we cannot control the activities of, such advertisers, ad servers, or ad networks. You should consult the respective privacy policies of any advertisers on our Sites to see your options for opting out of their use of such devices.

**Opting Out of Third Party Advertising**

Some ad servers and ad networks may be members of the Network Advertising Initiative, which offers a single location to opt-out of ad targeting from member companies. If you opt-out of receiving targeted ads from ad servers and ad networks on our Sites, you may continue to receive advertising and promotional messages after you opt-out, but it will not be customized or personalized to you based on your use of our Sites and/or third-party websites.

If you would like more information about advertisers’ use of tracking technologies and your option not to accept these cookies, you can go to: [http://optout.networkadvertising.org/](http://optout.networkadvertising.org/). If you win a Promotion, you will be given an option to give or withhold your consent for the sponsor of the Promotion to use your name, voice and/or likeness in advertising or marketing associated with the Promotion.

If you are located anywhere else outside of the United States, please be aware that information we collect will be transferred to, processed, and stored in the United States. Your Consent to Transfer Your Personal Information to Our Website. If you are visiting our site from outside the United States, your information will be transferred to, processed, and stored in the United States where our servers and central databases are located.

By your agreement to use the Communication Services and acceptance of this Privacy Policy, you consent to such transfer of your personal information for use in accordance with this Privacy Policy.

IMPORTANT DISCLOSURES AND PRACTICES

Children’s Privacy

The Taunton Applications are for a general purpose audience and are not directed or intended for children under 13 years of age. We do not knowingly collect personally identifiable information from individuals under 13 years of age. If you are under 13 years of age, you should not register or provide personally identifiable information on Taunton Applications. If we later obtain actual knowledge that a user is under 13 years of age, we will take steps to remove that user’s personally identifiable information from our systems.

Changes to the Privacy Policy

We may change this Privacy Policy from time to time. The most recent version of the Privacy Policy will always be posted on our Sites, with the “Effective Date” posted at the top of the Policy. We may revise and update this Privacy Policy if our practices change, as technology changes, or as we add new Taunton Applications, or Community Services, or change existing ones. If we make any material changes to our Privacy Policy or how we handle your personal information, you will know because the Effective Date of the Privacy Policy will change. If we plan to use any personal information in a manner that is materially different from that stated in our Privacy Policy at the time we collected such information, we will give you a reasonable opportunity to consent to the change. If you do not consent, your personal information will be used as agreed to under the terms of the privacy policy in effect at the time we obtained that information. We will use information previously obtained in accordance with the privacy policy in effect when the information was obtained from you.

DISPUTES - Arbitration

Any dispute, controversy, or claim between us arising out of or relating in any way to any of Taunton’s offerings, products, services, websites, or software will be resolved by binding arbitration, rather than in court, except that you may assert claims in small claims court if your claims qualify. The Federal Arbitration Act and federal arbitration law shall apply to this agreement.

There is no judge or jury in arbitration, and court review of an arbitration award is limited. However, an arbitrator can award on an individual basis the same damages and relief as a court (including injunctive and declaratory relief or statutory damages), and must follow the terms of this User Agreement as a court would.

To begin an arbitration proceeding, you must send a letter requesting arbitration and describing your claim to Legal Department, The Taunton Press, Inc., 63 South Main Street, Newtown, CT 06470. The arbitration will be conducted by the American Arbitration Association (AAA) under its rules, including the AAA’s Supplementary Procedures for Consumer-Related Disputes. You also agree to delegate the issue of arbitrability to an arbitrator. The AAA’s rules are available at www.adr.org or by calling 1-800-778-7879. Payment of all filing, administration and arbitrator fees will be governed by the AAA’s rules. We will reimburse those fees up to $10,000 unless the arbitrator determines the claims are frivolous. Likewise, Taunton will not seek attorneys’ fees and costs in arbitration unless the arbitrator determines the claims are frivolous. There will be only one arbitrator, not a panel. You may choose to have the arbitration conducted by telephone, based on written submissions, or in person in the county where you live or at another mutually agreed location.
Class Action Waiver

We each agree that any dispute resolution proceedings or lawsuits will be conducted only on an individual basis and not in a class, consolidated or representative action. Therefore, you waive all rights to bring claims on behalf of a class of persons; however, you may still bring an individual claim for public injunctive relief including in small claims court. If for any reason a claim proceeds in court rather than in arbitration we each waive any right to a jury trial. We also both agree that you or we may bring suit in any court of competent jurisdiction to enjoin infringement or other misuse of intellectual property rights, including with respect to temporary restraining orders.

If either party files a court proceeding in violation of this provision, he/she/it agrees to be responsible to pay any costs and expenses, including reasonable attorney’s fees, that is incurred by the other party in enforcing these dispute resolution provisions.

No Rights of Third Parties

This Privacy Policy does not create rights enforceable by third parties or require disclosure of any personal information relating to users of the website.

Links to Other Sites and Communities

To the extent hyperlinks may be used to access external or third-party sites and communities, please note that these external or third-party site and communities are not controlled by us and, therefore, are not subject to this Privacy Policy. We recommend that you check the privacy policies of each such site and community to determine how your personal information will be utilized by their proprietors.
