

THE AQUA OPTIMA® WATER FILTER RECYCLING PROGRAMME

Every year, water filters end up in landfills across the United Kingdom. We are working with **TerraCycle®** to put an end to this enormous loss of resources.

The Aqua Optima® Water Filter Recycling Programme allows us to recycle water filters and prevent them from ending up in landfills.

Not only are you helping the environment, but the waste you recycle with us also helps to fund schools or organisations.

Collect your Aqua Optima® water filters

Drop off your Aqua Optima® water filters here and we will send them to TerraCycle® who will recycle them into new products.

The Aqua Optima® water filters sent will allow us to earn points which will be redeemed as a financial donation to:

(name of the school or charity)
